

Learn English with the Experts

English language excellence
at UTS:INSEARCH

Why study English at UTS:INSEARCH?

WHY YOU SHOULD CHOOSE ENGLISH AT UTS:INSEARCH

Learning English at UTS:INSEARCH is a life-changing experience. With our Academic English (AE) program you can improve your ability to communicate in English and gain the skills you need for further academic study. Not only will you become more confident in social situations but you will learn how to prepare for a future career. We also provide courses in General English and IELTS Preparation on a demand basis.

1. Get ready for university and a global career

Academic English is not only about achieving success in English but also acquiring the skills you will need for success at university and beyond. From basic study skills to preparing for your first job interview, you will learn to become confident in any academic, social or work situation.

2. The pathways on to university

After completing various levels of English, move on to pathway programs with UTS Foundation Studies, UTS:INSEARCH diplomas and degree programs at the University of Technology, Sydney (UTS), one of Australia's leading universities.

3. We are the experts in English language education

As one of the top English language providers in Australia, we've been teaching English to international students for more than 25 years. We have some of the best teachers in the industry, dedicated to helping you develop your English language skills and prepare you for success in your academic studies.

4. Modern study techniques using the most up-to-date technology

Our Academic English language program is delivered using Blackboard, an innovative learning system. You will have access to UTS online facilities (UTS Online and Blackboard Mobile Learn) and will experience life as a university student from the very start of your studies at UTS:INSEARCH.

5. Study anytime, anywhere

Academic English (AE) students can access and interact with our Blended Learning materials using online and mobile devices. Outside class time, you can study anytime or anywhere.

6. Great location

Enjoy studying in our Sydney campus, close to transport with everything nearby.

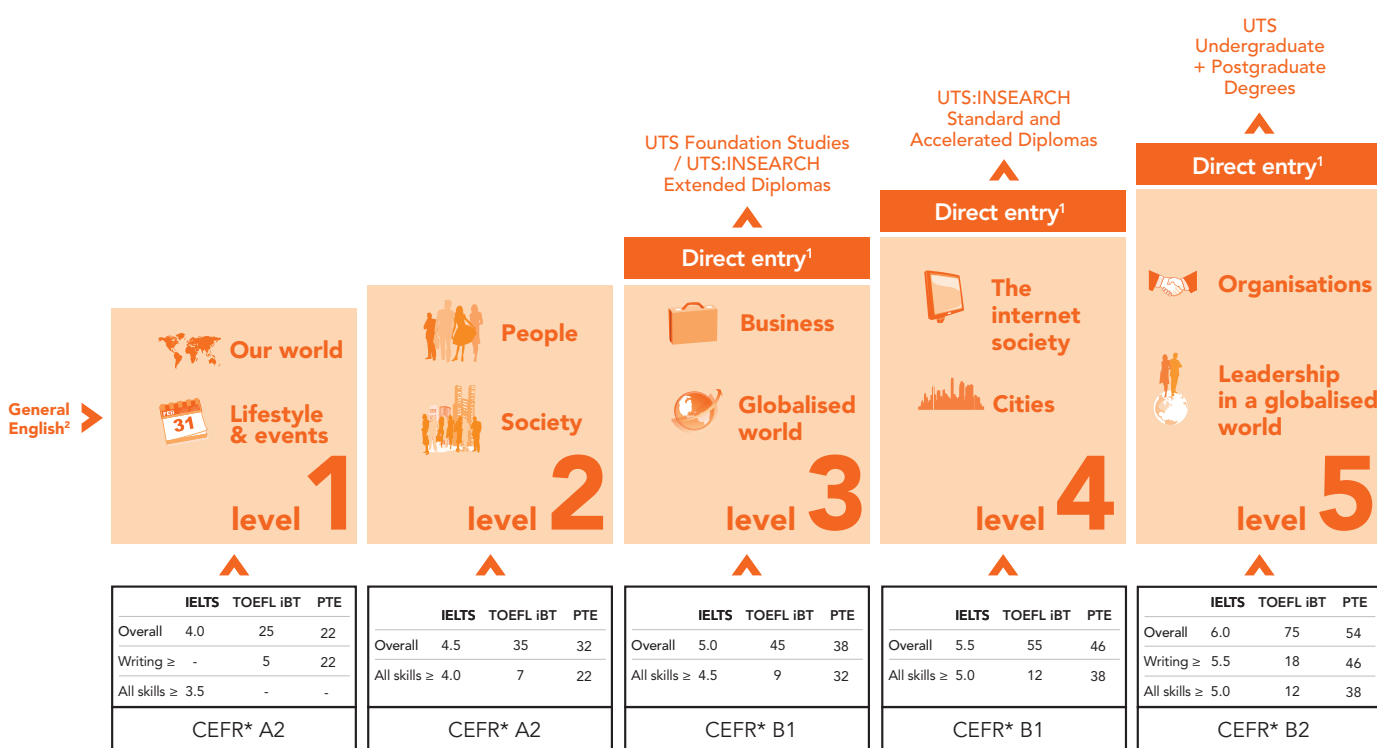

7. All the learning support you need

Our dedicated academic advisers closely follow your progress to ensure you receive the support you need to succeed in English and achieve your academic and career goals.

Prepare for university

FOLLOW THE PATHWAY ON TO FURTHER STUDY AT THE UNIVERSITY OF TECHNOLOGY, SYDNEY (UTS)

You will study at the level which matches your current English language ability. Throughout levels 1-5 you will study key themes that incorporate various interesting topics. After completing the appropriate English level you can gain direct entry into UTS Foundation Studies, UTS:INSEARCH diplomas or UTS degree programs without the need to sit another English exam. Please refer to the diagram below for more details about our pathways.

*CEFR = Common Europe Frame of Reference

Entry level depends on your IELTS, PTE (Academic) or TOEFL test results or our Placement Test. If you do not have a current IELTS, TOEFL or PTE score (no older than 12 months), you will need to sit a placement test which can be done online at one of our Authorised Education Representative Offices around the world. Please refer to the International Guide on our homepage at www.insearch.edu.au.

¹ English and academic entry requirements apply. Please refer to the courses page of our website for course information, entry requirements and articulation details www.insearch.edu.au. Successful completion of AE5 satisfies the English Language Admission requirements for most UTS Undergraduate and Post Graduate degrees. For specific details of UTS English entry requirements please refer to the individual faculty pages on the UTS website www.uts.edu.au

² If you do not meet academic and English entry requirements for Academic English (AE) you can apply for General English (GE).

* For international students upon completion of a UTS:INSEARCH diploma with no more than two subject failures

Whatever field of study you are interested in we could offer the pathway to help you get there. We provide courses in:

- Business
- Communication
- Design and Architecture
- Engineering
- Information Technology
- Science

Choose the right English course for your needs

Confidence in English is essential for success in your academic studies and it can dramatically increase your career opportunities in our globalised world. At UTS:INSEARCH we have a range of programs to help you achieve your academic dreams. Whether you want to improve your general communication skills, pass an important exam or attend an English-speaking university, we have a course for you.

You will learn to:

Engage	confidently in classroom discussions, tutorials, and conversations in English.	Take notes	at lectures so that you can recall and discuss key points.
Build	an English vocabulary that is useful for university, a future career and everyday life.	Read	academic texts and use a variety of resources for academic studies.
Write	academic essays and reports in English suitable for university courses.	Create	plan and organise so that group projects are successful.
Deliver	effective presentations which communicate clear messages.	Study	independently and take advantage of the Learning Centre resources at any time.
