For the very best in ESL...

TOEFL iBT

CAMPUS Education is an emerging leader in the newest and best techniques to prepare students for the TOEFL iBT. Our courses are designed and taught by our CAMPUS TOEFL Team – a group of experienced, dedicated instructors who work together to ensure every student's success. Our team helps students raise their scores by developing knowledge of the test, improving their vocabulary, grammar, and pronunciation; and focusing on listening, speaking, reading, and writing skills that will lead to success on the test.

GENERAL ENGLISH

CAMPUS Education courses are available to students at every level of English proficiency. Our classes concentrate on improving students' listening, speaking, reading, and writing skills while deepening their knowledge of vocabulary and grammar. The content is carefully tailored to suit individual learners' needs. Groups meet in small, comfortable classrooms and take part in engaging activities to build confidence and achieve communicative goals.

ACADEMIC PREPARATION

The CAMPUS Academic Preparation program is for students planning to study in college or graduate school. As in a college-level seminar, they listen to academic lectures, discuss topics, and make oral presentations. They also read articles and longer texts and write short essays in response to them. In this program, students build their vocabularies, learn how to research, and improve their oral presentation skills.
