The importance of the Spanish language

6

Spanish is the second most used language in international communication, and an official language of the UN and its organizations. When you speak Spanish you can communicate with almost 500 million people worldwide! Think how many more employment options that gives you! And if you want to take a trip to Spain or Latin America, a little knowledge of Spanish will go a long way.

Spanish in figures

- Spanish is the world's third most spoken language after Mandarin Chinese and English, and ranks second in terms of native speakers.
- At the end of the 19th century, 60 million people were Spanish speakers. Today, nearly 500 million people across the world speak Spanish!
- Spanish is the mother tongue of approximately 350 million people in 21 countries, and is widely spoken in another 21 countries where it is not an official language.
- Spanish is the second most used language in international communication, and an official language of the UN and its organizations.

Economic indicators

- 29 million US residents above the age of 5 speak Spanish at home. That's approximately 1 of every 10 US residents, an enormous consumer and business-to-business market!
- The US Hispanic population has grown by 60% in just one decade. The buying power of US Hispanics is expected to exceed \$926 million.
- The dramatic growth in the Spanish language and Spanish speaking populations has sparked worldwide demand for Spanish language radio, newspapers, and other media.
- The Latin American countries are experiencing strong economic growth and becoming important global commercial partners.
- Mercosur and the existing free trade agreements between South American nations and North America (ALADI, CACM, NAFTA, and G3) are expected to bring further growth to Latin American economies.

Cultural indicators

- Latin culture continues to have a global influence on architecture, art and literature. Who isn't familiar with Cervantes' *Don Quijote de La Mancha*, the second most translated book after the Bible, which marked its 400th anniversary?
- Spanish architect Santiago Calatrava continues to make his mark worldwide with projects in Sweden, Ireland, Germany, the Olympic campus in Athens and the site of the World Trade Center in New York.
- Spanish language authors like Gabriel García Márquez and Isabel Allende continue to lead global best-seller lists.
- Spanish language directors, including Spain's Pedro Almodóvar and Alejandro Amenábar, produce widely acclaimed, award-winning films, including Oscar winners *Hable Con Ella* and *Mar Adentro*, as Cuba's Bebo Valdés and Spain's Diego *El Cigala* combine forces to create a record-breaking platinum CD. 2003's *Lágrimas Negras* is a global best seller entirely in Spanish.

Why study Spanish...

7

...in a Spanish speaking country

It's easier and quicker, with better results, more inspiration and more fun! And you will get to know a people and a culture, as well as a language. Learning a language is much more than just learning the formal structure; it's learning to communicate with the people that speak it. And this you will do during your in-country course.

What's more, studying will not be dull or boring! You will discover a rich culture of fiestas, relaxed conversations in tapas bars and cafes, leisurely strolls and exciting street life. At the weekends you will take trips to the mountains or the beach and visit stunning cities while you make new friends from all over the world. The teaching method

Caridad Santana
Academic Director
Principal

Unique methodology

The enthusiasm, experience and professionalism of our more than one hundred teachers is our guarantee. All are university qualified to teach Spanish. All will help you learn the language in an enjoyable and effective way while you immerse yourself in a new culture, full of surprises and subtleties.

The teaching method

don Quijote has developed an open, flexible and interactive method of teaching, drawing on our years of experience, our understanding of the cognitive process of language learning, and our continual reflection on the desires and interests of our students. You will learn Spanish as you learnt your native language – through practice and continuous communication. We adapt our method to meet both Individual student needs and the demands of the Common European Framework of Reference for Languages. We strive to transform our classrooms into lively, interactive spaces providing the ideal elements for you to quickly attain your Spanish language goals. To do this, we mix a variety of tasks and Activities: communicative and interactive, grammatical and cultural. We will truly immerse you in the Spanish language and Hispanic culture!

Small Study groups

You will study in small groups with personal attention. Within the Intensive and Super Intensive Courses, you will never study in a group of more than 8 students.

Our teaching materials

As a result of over 25 years' experience, we have developed and produced our own textbooks and have more books in the pipeline. You will also work with fresh and continuously updated support materials, including press articles, advertisements, audio-visual materials, etc.

Flexible Timetable

We'll expect you at school at eight o'clock on Monday morning – the first day of the course – to test your language level. If Monday is a public holiday, we will start on Tuesday. If you are a complete beginner, you won't have to take the placement test, but you will still need to arrive at the school at the same time to get your bearings and start learning as soon as possible.

You will have at least four classes each day, with a half an hour break. Each class lasts 50 minutes. They take place between 9 am and 7 pm. In high season some classes may be given between 8 am and 9 pm. You may have classes in the morning or in the afternoon. Your schedule will depend on several elements (the current groups, your level, type of course, etc) and will be decided once you have arrived.

Cultural Activities

Learning a language is much more than learning its formal structure, it is also about using the appropriate tone in any given situation. To become adept at this, it is essential to understand and have a knowledge of the culture of those that speak it. To achieve this, don Quijote offers several Courses – theoretical and practical – and other complementary cultural activities such as the cinema, workshops on important aspects of communication (gestures, writing...) etc. All these things will help you gain a more in-depth understanding of the culture and customs of the country. Other Activities such as dance and singing classes are an interesting and fun addition to your Spanish course. To enable you to discover other places, don Quijote organizes half-day, full day or weekend trips on Saturdays and/or Sundays. Activities are updated weekly at each school. We also provide the opportunity for you to engage in 'intercambios' or exchanges with native speakers outside the classroom. Sometimes you will speak in Spanish with your intercambio and other times in your mother tongue or another language you speak well.

Certificate of completion

After completing the course you will receive a certificate for the whole course if you have attended at least 85% of the classes. This will record: the course you have taken, duration, objectives and level of Spanish, special subjects, additional Courses and number of hours.

For students from the United States, we give the assessment results according to the American grading system.

Our syllabus

Our syllabi and course programs are available in Spanish and English for Spanish teachers, heads of department, deans and tutors.

don Quijote students

Who will you meet?

Aged 14 to 83, from all corners of the world and with all sorts of reasons for studying Spanish. More students choose don Quijote based on a personal recommendation than through any other source. We invite you to do the same! On the next page you will meet a small group of students – some of whom have returned to study with us 4, 5... even 8 times. They've all expressed their willingness to help you choose a language school, a course and a destination by sharing their own experiences. Find someone who shares your native language, or your age or your motivation for studying Spanish and get the most valuable information you can use to make a decision: a personal recommendation.

Our students differ greatly in age, origin, cultural background and in their reasons for learning Spanish. We believe that these differences add value to your Spanish course. Quite often, the way of life and the cultural aspects of our students are the subject of lively discussions during the classes. To sum things up:

- The age of our students varies from 14 – 83 years.
- Our students come from more than 65 countries.
- 95% of our students come alone.
- 30% of our students have no knowledge of Spanish before the start of their course.

The reasons our students have for studying Spanish are as diverse as our supply of courses: One wants an active four-week summer holiday and another wants an intensive preparatory course for the Official D.E.L.E. exam, while yet another wants tailor-made individual language training due to a lack of time, and others have plenty of time available to spend doing a long-duration Spanish course.

A Personal Recommendation

Students' opinions

My fourth time!

This is my fourth time I've been with don Quijote. I decided to come back here because the classes are interesting and useful for learning the language well, and the teachers are friendly and anxious to help the students. I definitely recommend don Quijote.

Open and lively environment!

My stay at don Quijote was brilliant, and not only because of how much the Spanish language impressed me with its fascinating energy. I worked in a German company in the morning and went to class in the afternoon. I'm very happy to have chosen this school with its open and lively environment where I felt really at home. I was very pleased both with the course and with the method of teaching. Thank you for your professional help.

Students from all over the world!

My experience at don Quijote was one of the most challenging and enjoyable I have ever had. The classes were intensive and interesting. There were students from all over the world from ages 21-83! This gave me the chance to experience different cultures.

A valuable and memorable experience!

I completed the don Quijote program Spanish Language + Internship and I had the most delightful and fulfilling experience of my life. I spent 6 fantastic weeks improving and polishing my Spanish in the unique international atmosphere of the school where teachers were brilliant, I was feeling very at home and made a lot of friends. I also spent 12 remarkable weeks working for a Spanish company in Barcelona which was carefully selected by the school and suited to my skills and desire to apply my professional background in a challenging new environment. I gained valuable and memorable experience.

Great service!

The service at don Quijote was great! Before I went to Spain they contacted me and sent me all the information I needed. I was very nervous when I first arrived in Barcelona, because I was alone and it was the first time I was going to live abroad without being close to my friends or family. But there was someone from don Quijote waiting to meet me at the station and take me to my new home. At the school I got all the help I needed from the teachers and the other students. I'm really grateful to all of them.

Excellent teachers!

don Quijote's main strength is undoubtedly the teachers, who are all experts in maximizing every class moment, and totally tuned in to each student's needs. Many thanks!

Efficient way of teaching!

I've spent one month in Madrid and another month in Barcelona. I'd like to say that I had a great time at don Quijote in both cities. The teachers and the way of teaching are very efficient. Besides that, the infrastructure of the school is amazing. Thanks for providing an outstanding stay in Spain!

Home stay: Spanish to the maximum!

A friend of mine, who has been a regular student of don Quijote for a couple of years already, informed me about the language school two years ago and I am very happy she did. I decided to stay in a Spanish family, giving me the opportunity to be in a typical Spanish environment all the time.

Intensive Spanish

10+5, 20+5 or 30+5 classes of Spanish weekly

These courses are appropriate for people of any age who wish to learn Spanish as quickly as possible. Examples: reading, analysis and debates on newspaper articles, telephone conversations in Spanish, viewing and discussing films and documentaries, listening to songs, debates on a range of current affairs, learning grammatical rules in context...

In the Intensive (20+5) course you will have 4 Spanish classes daily, 20 classes per week from Monday to Friday, in a group of 8 or fewer students. If you are eager to advance more quickly, we recommend the Super intensive course (30+5) with 2 additional language classes daily, for a total of 30 classes per week. If you are looking for dedicated Spanish conversation practise, your best bet is the Spanish Talk (10+5) course. You will practise speaking and conversation topics for 2 hours a day, helping you towards that much sought after fluency in social situations. Each daily class is one more step toward your ultimate goal: communicating with confidence in Spanish. For this reason, we integrate a variety of skills in the classroom, combining diverse tasks and activities in which you are the main protagonist.

We know that excellent teaching alone does not guarantee the success of a language course. Understanding the culture of the people who speak the language is important as well.

For this reason, in addition, with our "formula + 1" method, we offer you an extra and completely free class every day, covering a topic of cultural interest.

Thus, in the Intensive course you will enjoy 20 Spanish classes plus 5 cultural activities per week, in the Super intensive course 30 classes + 5 and in the Spanish Talk course 10 classes + 5.

-
- Duration:** 1 – 11 weeks.
 - Destination:** At all dQ schools in Spain.
 - Spanish level:** All levels.
 - Frequency per week:** 10, 20 or 30 classes +5.
 - Participants per group (maximum):** 8 students.
 - Start dates:** Any Monday, year round.

Spanish for Life

Long duration courses: 12 weeks or more

If you have time on your hands, if you are interested in a learning and living experience of Spanish life and culture, if you wish to take a long break from your studies, work or private life, or if you simply want to take time off and do something different... choose the 'Spanish for Life' course. You will get the most of each and every one of the benefits gained from learning a language in the country where it is spoken.

Why do a course of 12 weeks or more?

Any Spanish course taken in a native speaking country will be constructive, regardless of its duration. However, the more weeks you spend in the country the easier it will be to immerse yourself in the daily life of its people. You will see and understand much more, which will help you speak Spanish like a native.

Your Spanish course

You will attend 10, 20 or 30 Spanish classes each week with another 5 on culture. With this course we follow the Intensive and Super intensive courses of over 11 weeks. However, we call the course 'Spanish for Life' because thanks to your extended stay in Spain, you can be sure of returning home with a 'life-long' mastery of the second most important language in the world.

Combine cities

Splitting your time between cities gives you the opportunity to discover different places and enjoy everything this brings: different ways of speaking and enjoying nature, different cuisine and even different ways of life. To enjoy all of this don Quijote offers you the opportunity to switch between schools in Spain, or even between Spain and Latin America, while continuing your studies at the same pace.

Guaranteed success

You will not be the only one to spend a lot of time with classmates and live new experiences. Thanks to our experience in Spanish teaching, we are the ideal organization for long-term students. Carefully selected accommodation

Comfortable accommodation is an essential part of your study trip. That is why we attach so much importance to the quality of our accommodation. We understand that something as simple as a broken shower can ruin an otherwise perfect day, while it distracts you from what you are here to do – learn Spanish. We're here to make you feel cozy, secure and right at home.

These pages describe in detail the accommodation choices that don Quijote offers you: Home stay/Host family, shared student flat/apartment, don Quijote residence, student residence, premium & standard private apartments or hotel. Within each type of accommodation you can opt for a double room or a single room (or even a triple room in the residences).

Can't decide?

We cannot emphasize it enough: accommodation is very important. No two students are alike, which makes it very difficult for us to give general advice. Do you want to experience Home stay/Host family, student flat/apartment and residence during your stay? Of course you can do this as well. Combining accommodation types does not involve any extra charges. Take your time and make a sensible decision. If you want to discuss your accommodation with us, please do not hesitate to call your local don Quijote office or agent for objective information and personal advice.

Home stay / Host family

It is telling that most of our host families have worked with us since the beginning. The families know from experience what the role of a host is. Accommodation in a host family allows you to get the maximum out of your course. Nowhere else will you so directly experience real Spanish life. Nothing could be better to help you improve your language skills. The word "family" should not be taken too literally because your family could also be a single parent who takes in students because he or she enjoys the company. Don't be surprised that most families live in flats/apartments rather than houses. You will be given your own keys so you can come and go as you please and you will be able to receive phone calls.

You can choose from a room with breakfast, half board (breakfast and a cooked meal in the afternoon at about two o'clock or a light dinner at ten) or full board (breakfast and two meals). Remember, that your hosts' eating habits may differ from your own.

Hotel

Of course, you also have the option of staying in a local hotel. Contact us in advance and we will be happy to arrange accommodation for you in one of our recommended local hotels.

Shared student flat / apartment

In shared student flats/apartments you share a flat/apartment with four or five other students. We always do our best to accommodate you in a student flat/apartment with different nationalities. However, the common language typically becomes English. We suggest that you reach an agreement with one another to speak as much Spanish as possible. Although the student flats/apartments are not luxurious, they are equipped with all the basic facilities (a bed, table, chair and a wardrobe). Each student flat/apartment has a living room, a television, a fully equipped kitchen, a washing machine and an iron. You share the kitchen and the bathroom and, together, keep the house clean. In student flats there are no telephones available. You can make your phone calls from one of the many public phone boxes.

29

Private apartment

Standard apartment

If you want more privacy, you can also choose for a shared student flat/apartment for individual use. With this option you will have free internet and you will not have to share your flat or only with people you choose (available for maximum 4 students traveling together).

Premium apartment / studio

This type of accommodation is ideal if you want to maintain your independence and enjoy a touch of 'luxury'. In every city, there are rooms of varying sizes and apartments from studios to multi-bedrooms. Fully furnished, equipped with kitchen, bathroom, WiFi and free internet access and all necessary facilities. These apartments are located in the cities' most central and fashionable districts.

This residence, recently refurbished and with a capacity of 72 people, is located on the **Calle Diputació 108**, a mere ten minute walk from the school. All of the bedrooms are modernly furnished with wifi available in all of them. If you wish to have a private bathroom, en-suite rooms are available at an extra cost. There are a range of meal options: full board, half board, or breakfast only. You will also have access to a kitchen. Other amenities include a dining room and a living room equipped with TV. Bed linen is provided and free use of washing machines.

Granada

The residence, located on the **Calle Cardenal Mendoza 5**, is a restored hotel with a big terrace and it will take you a pleasant 15–20 minutes' walk to the school. There are rooms with a private bathroom (95%) or washbasin and shared bath/shower. There is a multimedia area with free internet access. Other amenities include in-room telephones, a dining room divided into smoking and non-smoking areas and two living rooms (smoking and non-smoking) equipped with satellite TV, video and hi-fi. You share a large kitchen, which is fully equipped with all essential kitchen utensils as well as cookers, ovens, microwaves, electric coffee makers and refrigerators. If you prefer, there is also a catering service available that can provide you meals on half (breakfast and a light dinner) or full board (breakfast and two meals) basis. Washing machines and dryers are also available. Communal areas are cleaned daily.

Madrid

In Madrid we have 2 small residences: one is located at just 5 minutes from the don Quijote school on the **Calle de Vallehermoso, 59** and the other one on the 4th floor in the same don Quijote school building on the **Calle Duque de Liria, 6**. Staying and studying in Madrid is now as easy as waking up and walking a few meters to class! The residences have in total 38 rooms (22 double and 16 single rooms). There are some rooms available with a private bathroom. For the rooms without bathroom, students can share the bathrooms available on the same floor. There is a kitchen, however you will not be able to cook your own meals. A catering service will provide your meals (you can choose between half board or full board). Other amenities: shared television, washing machine, central heating, elevator. Communal areas are cleaned daily.

Seville

The residence is located on the **Calle de Viriato 24** very close to the school (10-12 minutes walking) and it is nearby the Alameda. This is an area for young people, it is full of bars and restaurants. The residence is recently renovated and has preserved the stairs, the window in the arch of the gate and the typical Andalusian gate of the courtyards. Ten rooms in total (7 double and 3 single rooms), all outward facing. There are some rooms available with a private bathroom. There is a living room where you can watch TV, a separate dining room next to the modern and fully equipped kitchen. On top of the residence there is a terrace. This is a place where the students can meet, where they can enjoy some sun or just hang out with each other.

Valencia

The residence is located in the don Quijote school building on **Avda. de los Naranjos s/n**, smack dab in the center of the University of Valencia campus. You will have plenty of opportunity to mix with native Spanish speakers in Valencia: this student residence also houses Spanish university students. Comfortable rooms, all outward facing and luminous, private bathroom, telephone, air-conditioning, on-campus restaurant. Your meals will be prepared for you and you can choose to have half board or full board (three meals per day). Enroll early for our Valencia residence, as this on-campus accommodation fills quickly.

Other student residences

Student residences are located in the center of the city and you may choose between a single, double or even triple room, with half board (breakfast and a light dinner) or full board (breakfast and two meals). We can offer you 3 types of residences, depending on availability:

University Campus

This type of accommodation is a perfect alternative if you want to mix with Spanish students. These residences are located on a Spanish University Campus and are often very large in size.

Student Residence

These residences are small, very similar to a shared apartment with the difference that you don't have to cook your own meals. In this type of residence you will share with students from all over the world, not necessarily from don Quijote, which can make this option a unique experience.

Family Residence

These residences are big flats run by a family. These 'flats' have an average of 5 to 6 rooms. In most cases the family doesn't live there but is in charge of preparing your breakfast and meals. You may have meals together with the family or in a separate dining room.

31

Practical information

100% satisfaction

You may change to a different family during the first week if you are not satisfied, because the most important thing for us is that you feel at home.

Total independence

You will always be given your own keys so that you can come and go as you please.

Arrival time

You are expected at your accommodation after 12:00 noon on the Sunday before the course starts. You must vacate your accommodation by noon on the Saturday after your last course day. If you arrive a day earlier, or if you want to stay a day longer, get in touch with your don Quijote office to make the necessary arrangements.

Fully equipped

In selecting host families, we do not look for luxury and comfort in the material sense. Nevertheless, you can count on personal attention, help and advice. You should not expect too much luxury in a student flat/apartment either,

although, of course, you will have all the necessary amenities.

Less than 30 minutes

Except for Barcelona, Madrid, Tenerife and Valencia, where suitable accommodation is very difficult to find, your accommodation is always within walking distance of the school (maximum 30 minutes).

Speak Spanish all day

If you do not want to stay with other students who share your mother tongue, just let us know.

Personal wishes

Are you a vegetarian, are you allergic to house pets, do you want to be with a host family with young children or do you have other personal wishes or preferences? Let us know as soon as possible and we will do our utmost to comply with them.

"Why learn Spanish? Where? Barcelona? Why? The Ramblas, the Barceloneta, the Güell Park, the Sagrada Familia, Gaudí, Dalí... But all that is not enough without human warmth, without people. My colleagues and I know this from our experience, which is why we want to offer you our personal side as well as our professional side as much as possible. We are people who work with people, and when we give classes in Spanish we try to make friends. The decision is yours."

The school

The school building is spacious, with 2600 square meters generously spread over the 3 lower floors of a modern building. The school offers more than 55 bright and airy classrooms with a total surface area of 2000 square meters. The school also offers 600 square meters of common areas, including a large interior patio, which looks out through a glass wall onto the school's expansive private garden, complete with trees and terrace. The central interior patio offers comfortable seating and more than 20 computer terminals, making it a great stop for easy and free internet access from our terminals or linking up your own laptop to the school's free Wi-Fi. The patio is a popular spot to relax between classes while enjoying a drink or snack from the vending machines stationed throughout the school. Learn Spanish in Barcelona, where the don Quijote school's architectural details are top notch, including marble floors throughout the common areas and beautifully finished wood floors in the classrooms. In summary, the don Quijote Barcelona is not only big, but bright and comfortable, with a touch of luxury. There is no language school of this size and caliber in all of Europe!

About Barcelona

In a privileged position on the northeastern coast of the Iberian peninsula and the shores of the Mediterranean, Barcelona is the second largest city in Spain in both size and population. There are two official languages spoken in Barcelona: Catalan, and Castillian Spanish. Barcelona is unequivocally a Mediterranean city, not only because of its geographic location but also and above all because of its history, tradition and cultural influences. The city has truly flourished again since the Olympic games came to town in 1992. It has undergone huge development and is a massive draw for visitors from all over the world - both to study and to live.

Our opinion

Clearly, the city has a cosmopolitan character. Some students may find it challenging to adapt to that character right away, and may choose to spend some time studying in a smaller city before heading to Barcelona. That said, most students do quickly feel at home in Barcelona. And rightly so, because Barcelona is an experience in its own right.

Director of studies

“Granada is not just the Alhambra, the Albaicín or the Royal Chapel—it’s a path that leads to the history of the Moors, the Romans and the discovery of America, and brings us to a dynamic, modern, youthful present (the city is home to more than 60,000 students). Granada is colour: the blue skies and the sea, the white snow and the green fertile plain. But Granada is especially people: a lively, simple and hospitable city. Those who want to experience Granada’s charm must come and stay for a while.”

The school

don Quijote Granada occupies an entire five-story building. The school is light and airy, with lots of windows and balconies overlooking the street. The atmosphere at the school is intimate and relaxed. The building is centrally heated and air-conditioned—both indispensable features in Granada, where summer and winter temperatures can be extreme. Just like all other don Quijote schools, don Quijote Granada is equipped with modern teaching aids such as computers and audio-visual equipment. The recreation room is on the lower level. Here, you can watch TV or a DVD, listen to music, read books or newspapers, play board games or darts, etc. The school is located in a safe, quiet area in the city center, on c/ Azhuma 5, just a stone’s throw from the cathedral and within walking distance of the Alhambra, the Albaicín and the Conference Center. Buses depart not far from the school almost every hour for the Sierra Nevada and the Mediterranean coast.

About Granada

Granada is the capital of the province with the same name, situated in the eastern part of the region of Andalusia. Geographical and scenic diversity characterizes the area. There is the coastal area with its warm climate and the mountainous regions with a colder climate, where you will find the 3,481 meter Mulhacén, the biggest peak on the peninsula of Spain. The city of Granada is located at the foot of the Sierra Nevada mountains. Its unique history gives it an artistic grandeur embracing Moorish palaces and Christian Renaissance treasures.

Our opinion

You will meet flamenco dancers, guitarists and thousands of other students in the streets. That makes the city especially lively. Granada is an excellent choice if you want to get to know Spanish student life and real Spanish traditions. Because of its location, Granada is also a paradise for lovers of nature, sport enthusiasts (skiing!) and sun-worshippers.

About Madrid

The capital of Spain, located in the heart of the peninsula, has a population of over three million. A cosmopolitan city, a business center, headquarters for the Public Administration, Government, Spanish Parliament and the home of the Spanish Royal Family, Madrid is characterized by intense cultural and artistic activity and a very lively nightlife. Captivating, enticing, and increasingly a hotbed of cultures and nationalities. While Madrid is a center of international tourism, it retains its unique Spanish charm. A city that is bursting with energy, the longer you spend in Madrid, the more it will enchant you. Stunning architecture and impressive monuments abound, but it is the people and personality of the capital that are most impressive. With a multitude of typical bars and cafes on every street corner, time spent in Madrid is a time of discovery, that will leave you wanting to explore its hidden depths.

Our opinion

Madrid is the most cosmopolitan of cities, combining the very best features of any notable European city. There is a fully interactive atmosphere, huge green areas and a continuous flow of business people and students. Madrid is well worth visiting and getting lost in if you enjoy a unique experience.

"On behalf of all those who work here, I would like to warmly welcome you to the magical city of Salamanca. Magical, because here you find the ideal elements for your course: an agreeable, peaceful environment for studying combined with endless possibilities for an exciting night out after a long day of classes. Salamanca, long famous for its cultural atmosphere, was designated a European Capital of Culture in 2002. Visitors to Salamanca remember the city for its educational institutions, its streets bursting with life (there are more than 50,000 young people studying at the university), its pure Castilian. In short, this city is something special. We hope to see you soon!"

The school

The don Quijote school in Salamanca is located in the heart of the old city center just 100 meters from the famous University of Salamanca and just two minutes away from the magnificent Plaza Mayor. The school is a beautiful restored 16th-century monastery. The modern materials used for the renovation create a natural balance with the richness, style and elegance of previous centuries. You enter the school through a lovely courtyard. This courtyard and the garden divide the school into three parts: the offices, the cafeteria and the classrooms. The main building has three floors, 17 classrooms, a recreation room (with computers, DVDs, sound system, etc.), a library, a staff lounge and three offices. Wireless internet access is also available in the school and café.

About Salamanca

The province of Salamanca is situated in the west of Spain on the border with Portugal. The city is large enough to be able to offer the advantages of a real city, but at the same time it keeps the intimacy of a town. In Salamanca, the inhabitants speak the "purest" Spanish in Spain - Castilian. For this reason Salamanca is enormously popular with people all over the world who want to learn Spanish. Contacts are made easily. You don't have to make rendezvous as you are bound to see everyone in the Plaza Mayor, one of the finest squares in Spain and known as the living room of the Salamantinos. As there is such a varied range of nationalities, it is tempting to keep to fellow don Quijote students. Salamanca is however, a real university city, Spanish students are everywhere and you can go practically everywhere on foot.

Our opinion

As a typical university city, Salamanca attracts thousands of students from all over the world. You note this university character in the appearance of Salamanca's streets and in the many pleasant cafés and restaurants. Salamanca is not just a student city, however. You will have an abundance of architecture and art to see, and plenty of opportunity to discover the surrounding countryside. Putting it all together, you have a city where the young and the not-so-young will both feel at home.

Tenerife - Puerto de la Cruz

Avda. de Colón, 14
38400, Puerto de la Cruz, Tenerife,

Director of studies

Salomé Torres

"Tenerife is much more than sun and beaches, it is cultural diversity and above all it is Spain's bridge to Latin America. You will live its pleasant temperatures as you forget about winter and enjoy the sun from every corner. You will enjoy the musical accent of its people, reminiscent of the 'Guanches' who inhabited the island long ago, and marvel at the magnificent Teide volcano, which seems to guard the island from the heights. Once you have arrived, you will find it hard to leave."

Average temperatures

Tenerife is called the "Island of eternal Spring" because of its equilibrated climate and abundant vegetation in the North. Spring temperatures dominate throughout the year. The average lies between 20-22°C. During the cooler days the thermometer doesn't fall under 15°C and rarely gets higher than 30°C on the hotter days.

The school

don Quijote Tenerife is located in a traditional Canaries building, on Avda. de Colón 14, just 5 minutes walk from the Martiánez Beach, 2 minutes from the famous 'Lago Martiánez' and 10 minutes from the City Hall. The school has 7 well lit classrooms, a teachers' room, a patio, office, multimedia classrooms, and a recreation area with television, hi-fi, library and DVDs. Due to its magnificent location you will be just minutes from beautiful beaches and recreational opportunities.

About Tenerife

Puerto de la Cruz is the second largest tourist city on the island with accommodation for around 30,000 tourists. In contrast with the modern resorts of the south, El Puerto has had a great tradition as a place of relaxation since the end of the last century when the spa, which today is the Hotel Casino Tauro, was built.

The lushness of the gardens and the agreeable atmosphere are very special features of this city, which has lively places to stroll around. In the evening the streets near the Plaza del Charco and the promenade are pleasant places of enjoyment where one can eat at any of the many open air restaurants, all this in a pleasant climate and with the ever present sea.

One of the greatest attractions of el Puerto is without doubt the Lago Martiánez. This series of seawater pools conceived by the Canary artist Cesar Manrique forms an extraordinary spot for bathing and resting in the sun. Besides the Lago, Puerto de la Cruz has small beaches of volcanic sand, the best ones being Playa Jardin and Martiánez, on the outskirts of the city.

Our opinion

The international attractions, excellent restaurants, cafés and other facilities of Puerta de la Cruz all contribute to its busy air. The island has good transport connections, especially with the Spanish peninsula, by sea and air links.

Cadiz

The school

Our partner school in Cadiz is located in the historical center on one of the most central streets of the city, surrounded by squares, bars, shops, university faculties and only 5 minutes from the beach! This ideal location allows students to adapt quickly to daily life in Cadiz. The school is situated in a beautiful Andalusian building dating back to 1886 and although it has been renovated to adapt to the needs of the students it conserves this period's charm. The school has 5 fully equipped classrooms, a computer room, a library, a TV and audio room, a reception and a patio.

About Cadiz

In the deep South of Spain lies the Andalusian port Cadiz, capital of the same province. Cadiz is a splendid coastal city that is almost entirely surrounded by water and famous for its perfect sandy beaches. The "Gaditanos" have a great passion for flamenco and you will notice this in the town's daily life, especially in the well known districts Santa María or La Viña where you can find a more 'authentic' Spain. People practically live outdoors, which makes the city lively and pleasant to stroll around. Squares such as Las Flores and Candelaria are certainly worth a visit. Around the bay of Cadiz there are many old villages some of which are more than a thousand years old. The most well-known is El Puerto de Santa María featuring many open air restaurants and charming little shops. Cadiz is quite Moorish in appearance and is riddled with narrow cobbled streets opening onto small squares. Cadiz is also known for its famously wild Carnival celebrations which are not to be missed.

Activities

Our Spanish school in Cadiz organizes different activities every week. Some of them are completely free, for example: literature and cultural workshops, a guided tour of the city, visits to the museums and regular movie showings. At an additional cost you can also enjoy fiestas, BBQ's, dinners, tapa routes, visits to the wine cellars, surf classes, ceramics, flamenco and excursions to Seville, Granada, Ronda and other cities of interest.

A piece of Andalusia not yet affected by mass tourism, with the most beautiful beaches on the Spanish coast. A city with warm, extremely friendly people and a unique identity.

Pamplona

The school

Classes are held in two different buildings in Pamplona. One school is located in a converted factory with five classrooms, a common area and a resource center with a library, films and multimedia resources. The second school is in a historical building near the city center and has seven classrooms, a resource center, an auditorium, a café and a restaurant.

About Pamplona

Pamplona is the capital of the northern province Navarra and due to its location (near the Basque Country and on the French border), you will find both Basque and French influences. An old fortified town, Pamplona is surrounded by nature of unrivalled beauty, this is in part thanks to its (Cantabric) Sea climate. The American writer Ernest Hemingway loved Pamplona for its "Running of Bulls" fiesta which is one of Spain's most famous celebrations, it forms part of the popular festival of San Fermín and attracts thousands of visitors every year. To sum up in a few words: Pamplona is a pleasant, authentic, festive town and has a lively night life with a large student population thanks to its two universities.

Activities

Our Spanish school in Pamplona organizes a wide range of activities to engage in (at an additional cost) after class or at the weekends. We offer tours of Pamplona and its historical buildings, mountaineering, climbing, trekking, visits to some of the most interesting wineries in Navarra for which the region is particularly famous, visits to the Send Viva, visits to the theme Park in the Bardenas Desert, and lots more...

Our opinion

Pamplona gives you the opportunity to get to know Spain in a different light. Although this city is famous for the Fiesta de San Fermín, celebrated with the running of the bulls, it is much more than that. There is no doubt that Pamplona is the ideal city for nature lovers and for students who enjoy outdoor activities, for these reasons it can be the perfect place to learn Spanish.

Courses

The school offers an intensive course of 4 hours per day. Each lesson lasts 55 minutes. Our Pamplona partner school is open all year round and there is a maximum of 8 students in any group. You can start your course on any Monday during the year even if you are a beginner.

Seville

Calle Pastor y Landero 35
41001, Seville

The school

The school in Seville just moved into a fabulous new facility: a typical Andalusian palace with 1200 square meters generously spread over 4 floors! The school, ideally located in the Arenal district, close to the Cathedral, next to the 'Plaza de Toros' in the heart of the old city center, surrounded by shops and restaurants. The school has 18 classrooms, library, computer room, conference room, offices, a 300 m² terrace with nice views of the Giralda and a patio, elevator, common areas where you can study and meet friends, all equipped with air conditioning. Facilities are fully adapted for handicapped students and visitors.

About Seville

If you want to get to know the folkloric heart of Spain - the scent of orange trees, the click-clack of flamenco shoes, brightly dressed women in polka-dots and the heat of the Andalusian sun - Seville is the city for you. Spain's fourth-largest city and the capital of Andalusia, Seville nevertheless maintains the warmth and intimacy of a small town. To say that Seville possesses a rich history would be an understatement: it has seen the glory of the Roman Empire, the luxurious sophistication of the Moors, and the Christian reconquista, which eventually gave the city what is now the largest cathedral in the world.

Activities

Seville's prime location allows our partner school to offer trips to 2 different countries - Portugal and Morocco - as well as local visits within the city, nearby beaches and small town treasures. These trips are scheduled for weekends. The most common weekly activities, held during the afternoon/evening, are: Sevillanas dance classes, Spanish movie nights, city tours...

Our opinion

Seville is a very complete city, and the rich mixture of its history and modernity will add value to your Spanish course. The "good life" is another of the traditions that the Sevillians like to maintain, as you will see from the many restaurants, bars and terraces that guarantee an entertaining and thrilling nightlife.

Courses

The school offers General Spanish courses (2, 4 or 5 hours per day). Each lesson lasts 55 minutes and you can study from 1 to 48 weeks. Our Seville school is open all year round. A Junior summer program is available in July and August. The minimum age is 14 years and you have a maximum of nine other students in a group. You can start your course on any Monday during the year.

Study groups

Due to the numerous queries made by teachers of Spanish on their student's behalf, don Quijote creates tailor-made courses at a favorable price for groups of people who have similar interests and course objectives.

We define a group as 8 or more students (young people or adults) with the same level of Spanish, who book, travel and arrive together. This course format is specially designed for schools, universities, companies, associations, etc. You may want to develop a program made up entirely of Spanish language classes (with a minimum of 2 daily classes), or you may want to combine language, cultural and leisure programs.

Home stay / Host family

Home stay/Host family Program offers you a unique opportunity to experience Mexican life while living in the home of a local Spanish speaking family. You'll speak Spanish all day long, out of necessity and fun and interest in the family life you see unfolding around you. Accommodation in a host family allows you to get the most out of your language course as it gives you a privileged view of daily life in another culture. In our Home stay/Host family program, carefully selected families provide a home away from home. This gives students the opportunity to further appreciate the beauty of Mexico and its people. The host families are located within 30 minutes walking of the school. Some provide their students with bicycles, so they can get around the city and to and from the school easily and quickly. You can choose from a room with breakfast or half-board. You'll eat at local hours -usually later you may be accustomed to- and you'll eat local foods, although the family will take your preferences into account as much as possible. You will be given your own keys, so you can come and go as you please. You will be able to receive phone calls at the family home.

Shared student apartment / flat

Each student flat has a living room with TV, a fully equipped kitchen, a washing machine and an iron. You share the kitchen and the bathroom and, together, keep the house clean. Although the student flats are not very luxurious, they include all the basic facilities: a bed, table or desk, chair and a wardrobe. We always do our best to accommodate you in a student flat with different nationalities. However, the common language typically becomes English. We suggest that you each an agreement with one another to speak as much Spanish as possible. No telephones are available in student flats; we suggest you use public telephones or local calling centers.

Student Residence / Dorm

Oaxaca

The residence in Oaxaca is located just three blocks from the school in a quaint, modern-Colonial house. There are 7 double rooms with private baths. Each room has a desk where students can do their homework or read, and there is wireless Internet available for those who bring laptops. The rooms are surrounded by large patios and garden areas which have been adapted as areas for sunbathing or lounging; a living area where students can watch TV or movies; and a dining area for the buffet style, continental breakfast included. Students are also welcome to use the kitchen to prepare other meals or to save and warm up leftovers.

In Playa del Carmen we have two residences:

"On the beautiful Pacific Coast of Mexico, where the state of Nayarit meets the state of Jalisco, the home of tequila, mariachi music, countless famous artists, movie sets, and stunning handicrafts, lays Puerto Vallarta, one of the most popular tropical destinations in the world. A vast tropical jungle, the Sierra Madre Mountains and the serene waters of the Bahía de Banderas "Banderas Bay" surround Puerto Vallarta. Very much a quaint seaside city, filled with white-washed houses and villas, terra-cotta tiled roofs, tropical plants, wrought iron gates, windows and doorways. Banderas Bay is home to two National Marine Parks, Los Arcos and the Marietas Islands. During the winter months, humpback whales from mid-November to mid-April, along with hundreds of dolphins and giant mantas. Puerto Vallarta is Spanish in Paradise!"

Playa del Carmen - Cancún

Director of studies

Juan Carlos Delgado

"In the heart of the Mayan Riviera, Playa del Carmen is located just 40 minutes from Cancun International Airport. The area is blessed with lush, tropical vegetation, crystal-clear cenotes (fresh water pools), and Mexico's most important Mayan cultural centers - Tulum, Coba and Chichen Itza. Playa del Carmen has become a multicultural destination due to its natural beauty and the warmth of its people. The turquoise waters of the Caribbean Sea wash over Playa's white sand beaches and create Paradise in every sense of the word. Fifth Avenue, with its many cafes, restaurants, galleries, shops, and bars, also helps keep Playa at the top of Mexico's hot-spots. All together, Playa del Carmen is the perfect place to relax, explore, and learn Spanish."

The school

Our school in Playa del Carmen is just 6 blocks from the white sand beaches. Better yet, classes are held outside under thatched roofs amidst our own tropical gardens, so you can enjoy the full Caribbean experience. The school boasts a well-stocked library, open air and air conditioned conference rooms (ideal for guitar and salsa classes, and our weekly gatherings), a cafeteria, volleyball court and garden areas to relax during breaks or after a day of classes.

About Playa del Carmen

Simply known as "Playa," this small Caribbean fishing village on the Mayan Riviera is Cancun's laid-back neighbor (approximately 35 minutes from Cancun's international airport and 40 minutes from Tulum). Playa is a great place to enjoy the cultural and historic richness of Mexico and the Mayan people. It attracts people from all over the world because of its relaxed, tropical atmosphere and its unmatched beautiful beaches. Despite a rapidly growing population and increased popularity as a tourist destination, the residents of "Playa" are committed to maintaining their city's bohemian charm and relaxed pace.

Activities

During the conversation hours, lectures are given on Mexican history, Mayan Culture, national holidays, etc. In the afternoons we offer workshops and activities that include cooking, arts and crafts, salsa classes, singing Mexican songs, a fiesta or a picnic. A movie is shown every week and with Playa's great location, you can enjoy a great variety of excursions: Tulum, Xcaret, Chichen-Itza...

Our opinion

There is a lot to explore around Playa del Carmen. You can hop on the ferry to Cozumel for world class scuba diving, explore an abundance of nearby Mayan ruins or head to Cancún for shopping and wild nightlife. Best of all are the city's white sands, crystal clear Caribbean waters and lush tropical vegetation that will make up your day-to-day landscape. It's a heavenly setting for learning about Mexican-Caribbean culture while immersing yourself in the Spanish language.

Guanajuato

Director of studies

Pedro Rodríguez

"Guanajuato is one of those unusual spots that, if you were to look only at its architecture, could be any medieval European city. Situated in the Bajío region, Guanajuato is surrounded by hills and mountains. The city sits at the bottom of a great bowl shaped ravine. Guanajuato is home to a famous university with a long-held tradition of student musical groups and musical rambles, or callejoneadas, through the streets of the town. Yet Guanajuato is much more than a university city. Its people are friendly, cheerful and glad to help others, its streets calm and not dangerous. It boasts a pleasant daytime climate and delicious food. Guanajuato offers you an atmosphere that is youthful and dynamic yet at the same time quiet, with plenty of cultural possibilities, plenty of places to visit, and long hours for shopping and entertainment. Come, surely you will love it!"

The school

Our school is located right in the city center in the 'barrio Pastita' at only 10 minutes walking from the 'Teatro Juárez'. The school has 15 classrooms and a capacity of 110 students/day. Other facilities: interior patio, teachers' room, students' office, multimedia classroom, recreation area.

About Guanajuato

The city of Guanajuato, at 1,996 m above sea level, is one of the most important historical and cultural colonial cities in Mexico. Guanajuato is located in one of the richest silver mining areas of Mexico, and is well known for its wealth of fine colonial era Spanish architecture. In 1988, UNESCO declared Guanajuato and the surrounding silver mines a World Heritage Site. The city was originally built over a river, which flowed through tunnels underneath the city. However, after years of raising buildings to accommodate repeated flooding, in the mid-twentieth century engineers built a dam and redirected the river into underground caverns. The tunnels were lit and paved with cobblestones for automobile traffic, and this underground road carries the majority of cars driving through the city today. It is one of the most noticeable features of the city. Each October the city holds the Festival Internacional Cervantino, an international festival of the arts named after Miguel de Cervantes.

Activities

All activities are directed towards socializing in a learning environment and increasing your knowledge of Mexican culture. For example: cultural workshops, Mexican music, cooking, dance and a variety of excursions and trips.

Our opinion

As a small, quiet university city far from the tourist crowds in Cancún and Cuernavaca, Guanajuato is the ideal spot to study Spanish in Mexico. Guanajuato will charm you with its wealth in architecture and culture. The international airport, less than half an hour away, provides the city with excellent connections with other cities in Mexico and with the rest of the world.

Excursions and Activities

From surveys conducted amongst our former students, it is apparent that the excursions are greatly appreciated. Not just as an opportunity for all students to get to know one another, but also to gain a better understanding of the Hispanic culture and way of life. Teachers also use audiovisual material, newspapers, magazine articles and practical situations. Texts and workbook vary by location and the student's Spanish level.

Level Test and Timetable

On your first day of the course you will have to take a level test in order to be placed in the appropriate class level. Each school offers at least 6 levels from beginner to advanced. Classes are either in the morning or in the afternoon and will be decided once you have arrived. Time schedule varies in each school.

The Teachers

Superior teaching staff. All have a University Degree in Spanish Philology and have been carefully selected because of their qualifications and experience in teaching Spanish as a foreign language. About Córdoba

A picturesque city on the edge of a mountain range known as the Sierra Chica. Because of its proximity to the mountains, Córdoba is a perfect base for excursions into the natural beauty of the Andes, or even the Pampas 100 km to the south. Prior to the rise of Buenos Aires, Cordoba was Argentina's center of arts and learning, a place of scholars and priests, churches and universities. Though in terms of national importance the city has fallen behind the capital, it still retains an independent spirit and distinctive grace. Its name comes from the surrounding province, which embraces an unusually scenic section of the Andes, the Sierras de Cordoba. The physical center of the city is the Plaza San Martín, named after Argentina's great liberator and the site of the city's cathedral. South of the Plaza is Calle Obispo Trejos, an easily walkable avenue lined with some of the city's loveliest colonial buildings.

La Havana

Population: 2,2 million

**The school**

Our partner schools in Cuba are unique in that they are not centralized in a physical building! You will take your classes either in your teacher's home, in the home of your host family or, for certain mini-group courses, in a Cuban cultural center. In all three cases, you will learn Spanish surrounded by native speakers and with well trained, highly educated teachers of Spanish.

About La Havana

Havana, city of faded glory but just as much the city of unbridled high spirits. A city where little is allowed but much more is possible. After years of undeniable decline, this impressive metropolis, now included in the UNESCO list of World Monuments, rising like a phoenix from its ashes. Havana is a city one has to learn to appreciate. It is a melting pot of cultures and races, an open-air museum under the strict direction of Fidel Castro. Apart from the picturesque inner city, the "Playas del Este" and the famous Malecón (the immense boulevard that is considered to be the living room of Havana) you should take some time to get to know Vedado. This is the part of Havana where the host families live and where you find many art-deco buildings that would be considered national monuments in many countries.

Maximum participants per group

3 students

Timetable

The school will select your timetable based on your Spanish level. Classes are available in the mornings (starting at 8:30) and in the afternoons. One lesson is 50 minutes.

Accommodation

The selected host families in Havana live in spacious homes in a nice residential part of town known as Reparto Vedado. Though it's mainly a quiet area, there are several nice bars and discotheques close by. Vedado is approximately 40-45 minutes walking distance (or 15 minutes by bicycle or taxi) from the old town of Havana. The families offer single rooms with half board (breakfast and dinner). All rooms have air-conditioning or a fan and some have a private bathroom.

Activities and Excursions

A trip to Cuba is not complete without a visit to one of the rum museums or tobacco factories. Other activities are a guided tour of Santiago de Cuba, discovering the city, party evening at a teacher's home, excursions to beaches or a mango farm... For sports lovers, horseback riding and scuba diving are available.

Our Opinion

Havana is a place where the infectious rhythms of son and salsa linger in the air, where friendly faces invite you in and make sure that you're not the only one with idle hips, where poets find their inspiration and poetry is ensconced in everything you see. Learn Spanish in Havana and experience this one of a kind city for yourself.

Trinidad

78

Population: 50,000

**The school**

Our partner schools in Cuba are unique in that they are not centralized in a physical building! You will take your classes either in your teacher's home, in the home of your host family or, for certain mini-group courses, in a Cuban cultural center. In all three cases, you will learn Spanish surrounded by native speakers and with well trained, highly educated teachers of Spanish.

About Trinidad

Trinidad is a small, beautifully colonial Spanish town. A magnificent sandy beach lies just a short bus ride from the town center. At night, the atmosphere is wonderful, with live music and Salsa dancing in almost every corner. The town of Trinidad, together with the nearby Valle de los Ingenios, has been a UNESCO World Heritage site since 1988. Trinidad is one of the best preserved cities in the Caribbean from the time when the sugar trade was the main industry in the region. Nowadays, its main industry is tobacco processing. The older parts of town are well preserved as the Cuban tourism industry sees benefit from tour groups.

Timetable

The school will select your timetable based on your Spanish level. Classes are available in the mornings (starting at 8:30) and in the afternoons. One lesson is 50 minutes.

Accommodation

The selected host families live in spacious homes in the center of the town. There are several nice bars in

the neighborhood. Host families offer single rooms with half board (breakfast and dinner). All rooms have air-conditioning or a fan and some have a private bathroom. Laundry is not included. The host family can take care of the laundry for a small charge.

Activities and Excursions

A trip to Cuba is not complete without a visit to one of the rum museums or tobacco factories. Take full advantage of your time in Cuba and explore the country's breathtaking landscape and historic cities by participating in excursions along with your fellow students.

Our opinion

Some tourism is now starting to reach Trinidad, but it is still largely unspoiled. However, being much smaller than Havana and Santiago de Cuba, with fewer students and more difficult to reach, Trinidad is really for students who are a bit more adventurous.

Our partner school in Santo Domingo is located in the district "Zona Universitaria" and faces the campus of the largest Dominican University (UASD). A garden and terraces where students meet to socialize, 3 outdoor classes, 2 indoor classes with ceiling fans, access to the university library across the street.

About Santo Domingo

Santo Domingo is the country's bustling capital. Despite its size, the city maintains the charm of a small town and the typical warmth of Latin culture around every corner. Old Santo Domingo's cobblestone streets and colonial homes will transport you to a different era, but whenever you wish you can enjoy this capital's modern side with fine restaurants, merengue clubs and much more. Students love to take advantage of Santo Domingo's rich cultural offerings by going to theatres, museums and cinemas, which are dispersed throughout the city. Best of all, it's set on the island's southern coast, so you will be just a short trip from the beach.

On a clear day, you look out from Quito at three snow-capped volcanoes. Its climate has been described by many as eternal spring. The daily average temperature is about 21° C on any given day. There are only two seasons in Quito, summer (the dry season) and winter (the rainy season). Despite its more than one million inhabitants, Quito retains a small city atmosphere. Antigua

Population: 68,000

The school

The school is centrally located, just 4 blocks from the beautiful Plaza Central, in a renovated colonial style building with beautiful gardens, where many students choose to have their classes. There are also 8 indoor classrooms for those who prefer to study in a more traditional setting. You will enjoy a relaxed atmosphere with a capacity of 70-80 students per day.

About Antigua

Antigua, known as the "old city of Guatemala," is a beautiful city. Streets lined with cobblestones and an abundance of authentic colonial buildings, it has been given the rare World Heritage title by UNESCO to preserve its charm and unique atmosphere. The relaxed environment of Antigua offers court cafes with flourishing gardens and fountains, very affordable high class international cuisine or delicious local food as well as lively nightlife at the many bars, salsa clubs and discos. Surrounded by majestic volcanoes and green-clad mountains that border the highlands of Guatemala, Antigua is also an excellent base to travel from if you want to see more of the country. It is one of the most popular cities to study Spanish in all of Latin America.

Maximum participants per group

5 students

Timetable

Classes begin either in the morning, between 8:00 - 12:00 or in the afternoon between 14:00 - 18:00. Each session is divided into two blocks with a 20 minute break in between.

Accommodation

You can choose from accommodation in a host family, single room with full board (breakfast and two meals from Monday to Saturday) or in a student residence with or without meals.

Activities and Excursions

Typically there are sporting activities, excursions to a nearby village, visits to a cultural center or museum, and a culture class at the school. If there is a local festival or celebration happening, we include that in the activity program, give detailed explanations about them, and make sure you get to experience them in the traditional way. Furthermore, once a week everyone goes out on a "Pub Night" to relax and get to know each other. We also offer Salsa classes every Tuesday in our new dance studio.

Our Opinion

With its welcoming atmosphere and beautiful surroundings, Antigua is the ideal place to study. Guatemala is really a great country to come and learn Spanish. The accent spoken tends to be slower and clearer than many other Latin American countries or even Spain, which makes it easier for you to pronounce and understand.

Cusco

Population: 300,000

The school

The school is located in a colonial building just one quick block from Cusco's main square, the Plaza de las Armas. The school building includes 25 classrooms of varying sizes, a very spacious meeting room and a sunny terrace.

About Cusco

Cusco is the oldest city in the Western hemisphere. Built in a mountainous region considered among the most beautiful on the planet, Cusco was once the flourishing capital of the Inca Empire. Natives and visitors alike consider it the most impressive of all Peruvian cities for both its history and its remarkable mix of Incan and Spanish colonial architecture. And we've yet to mention the breathtaking beauty of the local terrain and the warmth of the local people. Cusco is an ideal base from which to explore Peru, since it's situated in the same region as the ruins of Machu Picchu and the Inca Trail. Because the city lies at a high elevation, nights can be cold and days cool.

Maximum participants per group

6 students

Timetable

Classes run Monday to Friday. All classes are 52,5 minutes in duration and are programmed between 8:10 and 20:00. Students can give their preference for certain hours.

Accommodation

All of our host families have been carefully selected. You can choose local guest families and a student residence. Guest families provide three meals a day. The student residence, which is located in the same building as the

Activities and Excursions

The school includes a dynamic, interesting and fun leisure program to complement the process of learning the Spanish language. Free daily student activities are included in all programs (cooking, dancing, music, lectures on Peruvian Culture and History, movies, a welcome dinner). These cultural courses, one hour every day, are very popular. Also a variety of excursions, trips and hikes at good prices are offered.

Our Opinion

Cusco has it all: art, magic, mystery and all the beauty you'd expect in the legendary 'belly button' of the world. The Cusco region offers breathtaking natural views: the city's streets and squares, the magical majesty of the Inca monuments and the elegance of the colonial constructions illuminated by a blue sky with white clouds which frame the six hills surrounding the city. Undoubtedly your stay in Cusco will be an experience you will never forget, and one you will proudly talk about - in Spanish!
