MEET YOUR NEW FRIENDS

SARA MANCINI, 32

Sara is a talented, creative designer from Lugano, Switzerland, who also has a huge passion for cooking classic desserts. By day, she works at a small marketing firm, but every evening she visits local bakeries to find inspiration for her next great recipe. In her free time, she loves visiting museums and art galleries, and listening to classical music, but her heart's desire is to travel and become a pastry chef in some of the best restaurants around the world.

Sara wants to study English abroad because she knows how important it is to understand English in the culinary world. She believes that an experience like this will improve her English and give her the confidence and communication skills she needs to explore the world and reach her career goals.

IBRAHIM ABDALLAH, 36

Ibrahim is a friendly, energetic guy from Jeddah, Saudi Arabia, and the eldest of three brothers. He's absolutely obsessed with all things American, especially the food, Hollywood movies, and sports like American football, baseball and basketball. In his free time, he enjoys watching the latest blockbusters and riding his dirt bike. Ibrahim works at a successful multinational company, and it's important for him to improve his English if he wants to communicate more effectively and advance his career.

Ibrahim is crazy about social media and an avid blogger. He also understands the importance of spaces like LinkedIn. Ibrahim enjoys face-to-face communication, and loves the idea of practising English with his classmates. He's excited about the immersive experiences available at EC.

JÚLIA RODRIGUES, 19

Júlia is a sweet, laid-back art history student from São Paulo, Brazil. She's passionate about health and fitness, and practises yoga five times a week. When she's not studying or visiting her favourite art galleries, she's either learning about different cultures or creating some colourful graffiti art with her favourite music playing in the background.

Júlia strongly believes that learning at least one foreign language is essential to personal development, so she's excited about experiencing a new destination and becoming fully immersed in a different culture. She can be a little shy, but she's looking forward to meeting fellow students from all over the world and making new friends.

When he's not working hard at the office, he enjoys hanging out with friends at his favourite café and reading the latest manga and Marvel comics.

Kenta is passionate about his job, but has his eye on a big promotion that'll take his career to the next level, with exposure to international clients and quite a bit of travel for meetings and conferences. YOUR ACADEMIC JOURNEY

'We're in this together. It is a contract; it's a mission. And if we all pull our weight together, we will succeed.' – Chris Ciappara
(an EC instructor who has been teaching for 16 years and wouldn't change it for the world)

Your EC academic journey starts when you book your course and continues for three months after you leave. You will have access to a curriculum that is highly structured to meet international standards, yet personalised to meet your needs. Your results will be real and measurable.

EC gives you:

- **A Fully Mapped Curriculum** – designed and mapped to global standards, such as the Common European Framework for Languages.
- **Defined Learning Outcomes** – providing you with clearly defined skills and abilities for each level so that you will know exactly what you need to do.
- **Outcome-Focused Learning** – lessons, activities, homework and personal direction that will guide you through each level, along with self-study and continued practice outside of class.

EC ONLINE

From the moment you book until three months after you leave us, you can access EC Online to:

- discover EC Advance, your powerful personal learning tool
- receive feedback and academic advice directly from each of your teachers
- connect with your school community and sign up for events
- receive your end of course certificate, validated by Oxford University Press

OUR ACADEMIC METHODOLOGY INCLUDES:

AUTHENTIC COMMUNICATION

You will learn through using a 'Communicative Approach', which gives you many opportunities to use the language in speaking and writing. You will learn how the language functions and you will be able to practise your English language skills in everyday settings as you complete real-world tasks.

CLEAR OBJECTIVES

Your lessons will include concise, measurable learning objectives, with clear outcomes that provide you with a 'road map' for progress. At the end of each lesson and instructional week, you will have a chance to think about what you have accomplished, and your teachers will give you feedback and additional support in the areas where you most need it.

PERSONALISED FEEDBACK

To help you learn the right structures and most appropriate uses of English, your teacher will provide you with individual feedback on your speaking and writing skills to help you correct any errors. To help you succeed, your teacher will consider your learning needs based on various aspects, such as your native language, your cultural background, and your previous study of the language.

CULTURAL AWARENESS

Your EC family is sensitive to your cultural background, and the staff receives ongoing training in how to provide you with the best personalised support.

CONTINUED RESEARCH AND DEVELOPMENT

Your EC academic team is committed to providing you with the best in learning techniques. Cutting-edge technology is integrated throughout our systems to enhance your experience. The team is continuously involved in research and development to ensure that the most effective methodologies are used in the classroom and for your assessment.

HOW YOU LEARN

Before class begins, you can use EC Online to see which skills you will learn. This will help you to prepare for the class, and allows you time to consider the topic and what you may already know about it.

At the start of each class, your teacher will explain the objectives for each lesson. During class, you will learn and practise language skills in authentic contexts to complete real-world tasks. You learn by practising the new language and speaking to your classmates. You don't have to worry about making mistakes because your teacher is there to help you correct them! At the end of the lesson, your teacher will again review the objectives so you can see the progress you are making.

After the class, the learning continues! You will have targeted homework which helps you to practise real conversations that include what you learnt in class.

A TYPICAL LESSON

Step 1 – At the start of the class, your teacher tells you that the objective for today's lesson is to be able to carry out an effective, fluent interview.

Step 2 – During class, you listen to example interviews, learn key words and phrases to use, and practise by interviewing classmates and staff. By actively participating in these classroom tasks, you will learn the language needed so that you can succeed in an interview.

Step 3 – After class, your homework assignment is to interview someone in your host family, or your roommate, or one of your classmates. This additional effort outside of the classroom helps you to work on any problem areas and gain confidence as you come to realise that your understanding has increased and you can effectively speak English in this context.

Detailed Online Assessment

You will have access to detailed reports on your progress so you can regularly measure your skills against the specific skills and abilities for each level.

Personalised Recommendations

After a detailed needs analysis, EC Advance will access an extensive library of online resources to lead you to the specific materials you need to progress.

Teacher Feedback and Guidance

With shared access to your online reports through EC Advance, your teacher will guide you on your personal learning journey.

Receive personalised feedback from your teachers

SPOTLIGHT:

EC Los Angeles Student Ambassador Programme

Students at EC Los Angeles are very excited about the Student Ambassador Programme. It's a great community builder at the school and the students involved bring energy and enthusiasm to the programme.

As a result of the programme, a significant number of students participate in social events, and the overall sense of community and happiness amongst students is very high. Students share their perspectives on their EC experience through blog posts and other social media, and because of the positive feedback, EC Los Angeles is committed to further growing and developing the programme.

YOUR GOALS, OUR PROMISE

The EC Promise is very simple.

If you study Intensive English with us (30 lessons per week) for ten weeks and **fully commit** to your learning programme, we promise you will progress at the rate shown on the progress chart below.

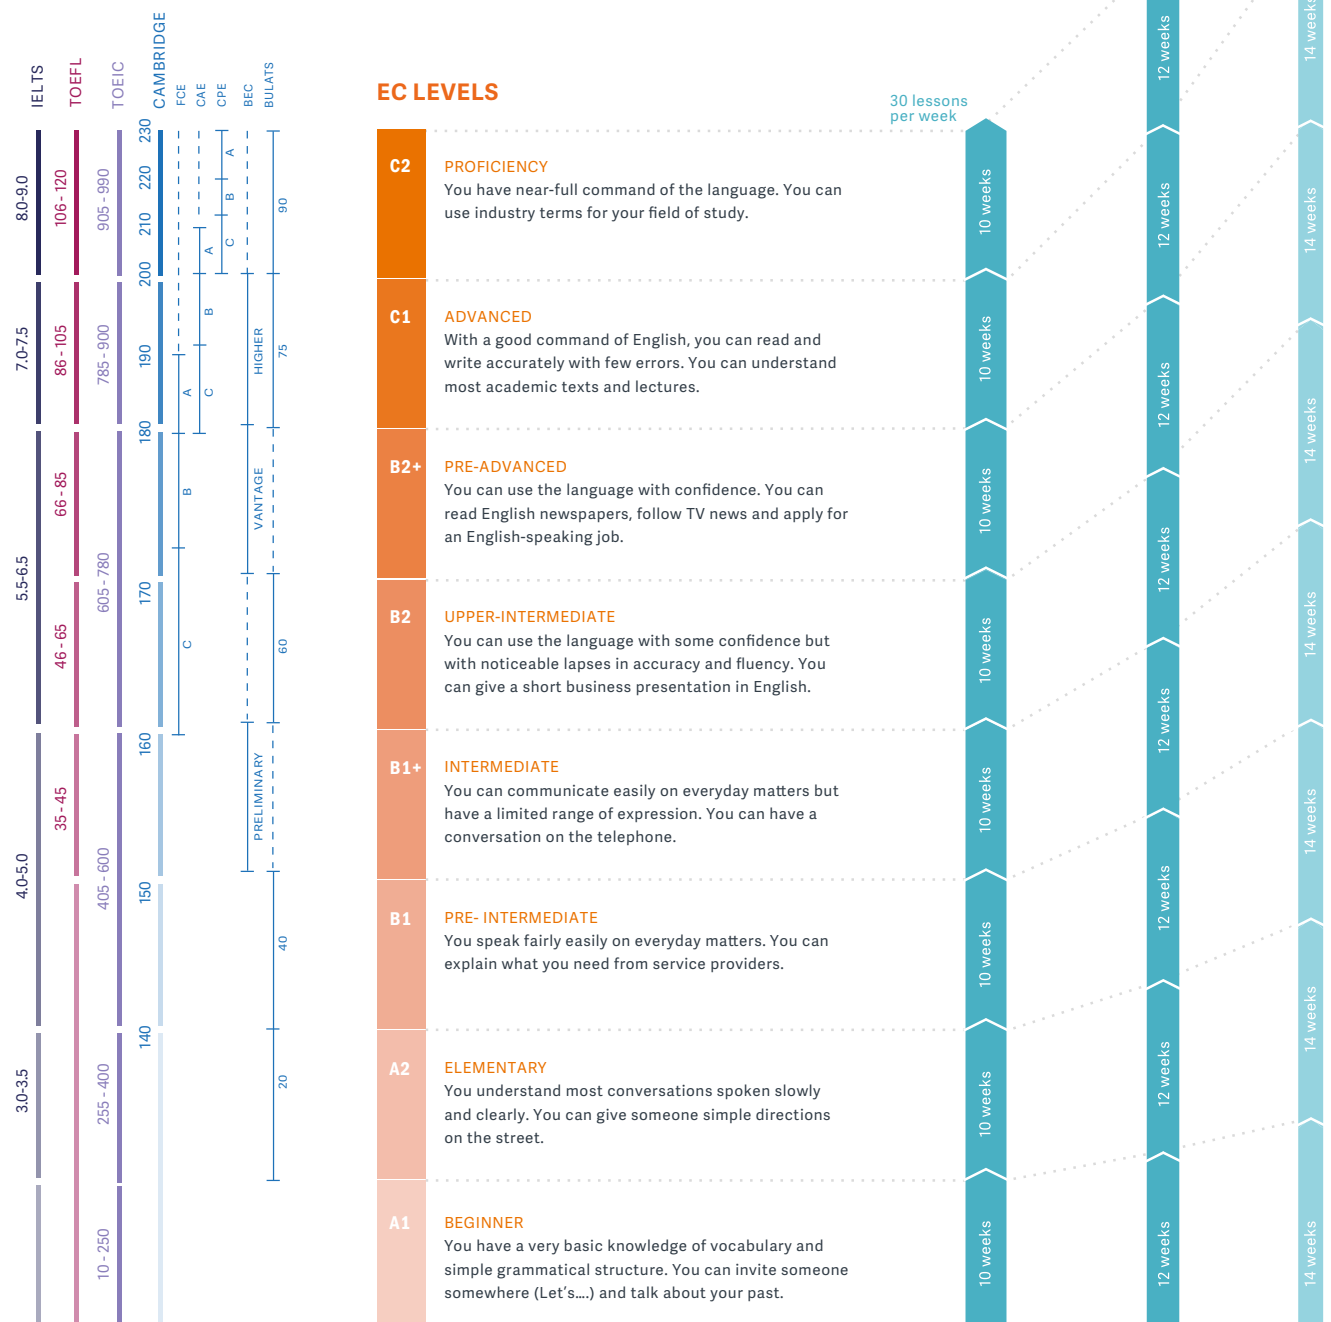

Our promise is backed by science and real data. Having analysed the progress of thousands of our students*, we know what they need to do to succeed. Students who are **fully committed** to their programme take the following three steps to progress:

1. attend 96% of their classes;
2. complete at least three homework assignments weekly and average a score of 9/10;
3. actively participate in lessons and average a score of 9/10 for participation and motivation.

Your teachers will support you, monitor your progress, and show you how to keep moving forward. If you follow your teacher's instructions, and **fully commit** to your learning programme by taking these three steps, we promise you will succeed.

And this is our further promise to you: if you do everything required but you do not progress as expected, we will give you the additional lessons, help and support you need at no extra cost to maximise your progress.**

Our science is real. Our promise is true. We believe in you and our number one goal is to help you succeed.

* Analysis covered a 12-month period in 2016/2017, and included all EC students who took a placement and exit test.

** Students who do not progress and wish to receive the EC Promise of extra lessons and support must contact their Director of Studies at least one week prior to departure. Other terms and conditions apply. Speak with your EC contact for more details.

- are at any level
- want to improve your level and gain confidence in all areas of English
- want to develop fluency in everyday situations and contexts

GENERAL ENGLISH

Each week, you will spend 12 of your 20 lessons studying Integrated Skills, specifically improving your vocabulary, grammar and pronunciation through varied activities.

Giving Back

Corporate Social Responsibility (CSR) is a central part of life in the EC world. We believe it's our duty to be actively involved in the communities that have welcomed us and helped EC to grow into the international presence it is today. Our Fundraising Policy allows us to match funds, up to a certain limit, raised by our staff for global and local campaigns, and our centres are actively involved in local community projects for charities of their choice.

From school-specific initiatives such as environmental clean-ups, volunteering and fundraising for local charities, to larger projects like our partnership with United World Schools (UWS) building schools in the world's poorest region, giving back is close to the heart of the EC family.

'Let us remember: one book, one pen, one child, and one teacher can change the world.' – Malala Yousafzai
(the activist for girls' education who survived an assassination attempt and became the youngest person ever to win a Nobel Prize)

Ban Houy, Cambodia

EC IN CAMBODIA

In early 2016, we teamed up with United World Schools (UWS) to bring education to children in a small village in Cambodia.

UWS is an international charity dedicated to improving the lives and prospects of children in some of the world's poorest regions by giving them the opportunity to receive the education they want and deserve. When we met with the charity, we knew they were the right organisation to help us accomplish our goal.

In February 2017, we sent a team of volunteers made up of EC staff from around the world on a 10-day trip to Ban Houy, Cambodia, a remote village that's home to 165 children and their families.

We were all eager to see where the children of Ban Houy would spend their time learning their national language (Khmer), as well as numeracy, music, arts and crafts.

The team spent time with the local families, worked with the children and encouraged them to attend school, and shared different teaching methods with the teachers at the new school. Everyone involved in the trip found the whole experience of working with the children and families in Cambodia, and seeing the children's joy in having a chance at education, to be eye-opening, humbling and ultimately very rewarding.

This initiative is very important to EC, and we want to make sure that it continues to develop so that we can help even more children around the world. To help us do that, we've made a pledge: **this year, for every student who completes a booking with EC, we will donate 1 Euro (€1) to our CSR initiatives like EC in Cambodia.** Our goal is to continue to work with dynamic organisations like UWS to build more schools and help more children in challenging regions like Nepal and Myanmar to fulfil their dreams of an education.

This pledge is our way of saying 'thank you' to every student who chooses EC to help them achieve their dreams of fluency.

It's how we will help change the world to a better place for those we may never meet.

SARA

After spending three months learning English at EC London, Sara found out that she could study Gastronomy at EC Montreal, so she decided to take the additional time to improve her cooking and her English skills. After completing her course, the EC team helped her to update her CV and start the search for her next adventure.

With her new English skills and her improved cooking skills, Sara felt confident in every interview. Now she's flying to London to start her new job as a pastry chef at a boutique French restaurant! When her younger sister, Daniela, saw what Sara accomplished, Daniela asked her parents if she could attend an EC school as well. Her parents agreed, and now Daniela is off to study about creative science and robotics at EC's Young Learners programme in Malta.

NEW BEGINNINGS!

IBRAHIM

EC Los Angeles was the natural choice for Ibrahim. Home to stunning Californian beaches and famous American sporting teams, Ibrahim was very excited about exploring his destination. After class, he enjoyed walking to Santa Monica Beach to sit in the sun, read his notes and enjoy a swim. He also got a chance to see his favourite baseball team in action.

When Ibrahim returned to Jeddah, he decided to continue his learning with Fusion Go, which helped him to continue improving his English skills. His boss noticed how much more confident he was when dealing with international clients. Just six months later, Ibrahim was given a big promotion with more international responsibility! When Ibrahim's brother Omar heard about Ibrahim's promotion, he decided to follow in his big brother's footsteps and set off for the Leadership programme at EC Young Learners in Los Angeles.

JÚLIA

Júlia chose to study at EC Cape Town, South Africa. She loved being surrounded by so much natural beauty and spent a lot of her time outside of the classroom exploring the exotic Mother City and practising her English in different contexts with people from around the world.

A few months after she completed her course at EC, Júlia graduated from university and set off on a year-long adventure around Australia and New Zealand! Júlia's little sister Ana decided she wanted to be like Júlia and travel the world with confidence. Ana is now studying at the Ovingdean Hall campus at EC's Young Learners in Brighton.

KENTA

Kenta wanted to learn English in Toronto, Canada, because of its reputation as a multicultural hotspot. This friendly fast-paced city gave Kenta loads of great opportunities for networking and practicing his English skills. One of his favourite things was being surrounded by breath-taking views, the urban landscape and Lake Ontario; but he most enjoyed visiting the sites where X-Men, one of his favourite comic book movies, was filmed.

After spending four months at EC Toronto, Kenta returned home and worked even harder to show his boss everything he'd learnt. He continues to practice his English skills and has become so confident, he's now working on his own comic book series! When Kenta's brother Akio saw how well his brother could write in English, he wanted to improve his English too and decided to study at EC's Young Learners in Montreal.
