Single (small and large) and double rooms. 24-hour check-in, controlled access entry, free wi-fi, community kitchen and dining

Academic

Personalised learning

On arrival, students are tested to ensure they begin their studies at the right level. They are also interviewed so that we can find out their personal goals for their studies. This information is passed on to the Director of Studies and their teachers who work with each student to tailor their learning experience according to their needs and personal objectives.

One to One Tutorials and Progress Tests every two weeks

Every two weeks students have a 1-2-1 tutorial with their teacher to discuss their perception of their own progress and achievement of their personal goals. These progress reviews monitor the students' satisfaction with their progress and combine with bi-weekly progress tests that check that they have learnt the work of the previous two weeks and are on course to achieve their goals.

Learner Support

Each school has an extensive provision of learner support. Students can either book a 1-to-1 interview with the learner support teacher or go to the learner support class where the teacher will help them in the areas of study they need to improve. Learner support is designed to help students who either feel they need extra work on certain areas or have special language needs that they can work on outside the classroom. Teachers recommend learner support to students who may need to concentrate on a special area of study or who need to revise previous work that the class has completed.

Online platform

The online platform acts as a student's companion when living, learning and having fun in the UK. It includes academic support materials and online courses that they can complete to support their study, their student file with their study plan that details both their progress and bi-weekly tutorial reports, an online community amongst our students, and a reception area for forms and general information. Students are given access either prior to arrival or when they arrive and have use of the platform for a year after their studies have ended.

Social Programme and Internationality

Each school has a very active weekly social programme run by our enthusiastic and committed social organisers. They organise events in the evenings, afternoons and over the weekends. Both during school time and during these social events, students can interact with other students from the many different nationalities.

Excellent/Unbeatable teaching and courses

We have fantastic teachers and teaching at our schools. We don't have to say this ourselves. In our last two ISI inspections, all schools' teaching and academic management was deemed to 'exceed expectations.' We are justly proud of all our academic staff. Our pride is supported by the great feedback they get from their students.

All courses are for students aged 16 and over. Students aged 16 and 17 who are studying in Brighton, London Central, London Greenwich and Oxford will regularly mix with students aged 18+, in the classroom and during social activities and excursions.

Course Title	Daily times	Hours per week	Centres
General English (for levels A2-C1. For A0/A1, see tariff)

* Depending on the Elective, student could finish at either 14:30 or 16:30

Welfare

Our Student Welfare Policy is committed to ensuring that

- All students have equal opportunities, regardless of ability, religion, culture, gender, sexuality, ethnic origin or class
- Academic programmes and activities are provided, appropriate to your age, maturity and the centre's location
- Tolerance, understanding and positive interaction is encouraged between all students, as is a regard for each other's privacy and possessions
- Students develop a responsibility for themselves, for others and for their environment
- We raise awareness of student protection issues

Our Staff

Our staff are accustomed to helping people from different backgrounds and cultures and are experienced in dealing with a wide range of personal or study-related issues, from problems with stress, depression to exam anxiety.

Risk Assessments

Our activity and excursion programme is carefully planned out ensuring the student's safety is of upmost importance. To ensure this is the case, not only are all activities and excursions fully risk assessed, we also have a library of the risk assessments for the attractions we visit in every city.

Measures we take to ensure juniors are taken care of after their arrival & throughout their course:

- Dedicated safeguarding officer in each school
- Named staff who students can speak to if they have any problems
- Personalised student ID card provided on arrival, which contains the school's 24-hour emergency telephone number
- Junior students asked to sign in at Reception on arrival at school each day
- Curfew times for host family accommodation
- Social programme activities are always supervised by a member of our staff
- Emergency next of kin contact details held by staff all times with the out of hours phone – so we can always reach parents in case of urgency
- Students explained UK laws & school rules relevant to their age group
- Advice given on arrival about personal, road & transport safety

Arrival

All students under the age of 18 are met by a member of staff – who will be highly visible in our bright red branded t-shirts and carrying a clearly displayed red clipboard. They will ensure everything goes smoothly at the airport and during the transfer to their centre. At this point students are given an ID card with 24 hour emergency contact information – for their safety and so that they can be immediately identified as one of our Junior students. They should keep this with them at all times.

Medical And General Insurance

In Britain, free medical treatment is available through the National Health Service to all EU students and students from countries with reciprocal health agreements. Students who are not covered by the National Health Service are advised to take out medical insurance before leaving their home countries. We strongly advise students to take out individual personal insurance to cover personal belongings, etc, before they come to the UK. In addition, in case of any medical matters arising, all centres have staff members trained in First Aid, and all centres have a first aid kit on site, as well as close links with local doctors, dentists and hospitals.

Those wishing to study in the UK on a visa that is valid for more than six months may also need to pay a healthcare surcharge (called the 'immigration health surcharge' or IHS) as part of their immigration application.

Groups

Where would you like to study?

With seven fantastic schools in some of the best locations in the UK, Canada and the US and accredited academic programmes, groups really can make the most of their English language learning. Choose from London Greenwich, London Central, Oxford, Brighton, Toronto, Vancouver and San Diego. We offer carefully tailored programmes all year round, which include accommodation, food, excursions and exciting cultural activities.

Standard Programme

We offer a wide range of course options to choose from at all our schools in the UK, US and Canada. Whether you want to add fluency in English to your business skills, enhance your career opportunities or simply improve your level of English speaking for educational, social or family reasons. Each programme can be completely tailored to the needs of the group both in terms of academic content and of activities.

Work Experience – NEW

We are now able to offer work experience placements for groups of adults and juniors offering students valuable experience of the workplace.

Catering - We work in partnership with the Old Royal Naval College within the UNESCO World Heritage site to offer catering courses during January and February.

Tourism - In connection with local hotels we are able to offer short term placements for students interested in the tourism/ hospitality sector. Students will take part in different aspects of hotel life each day including room service, bookings, front of house hospitality and back office work.

Other - If there are other areas of work experience that you are interested in we will always try to find a placement for you – just get in touch.

Summer

During the summer we run fully immersive courses for junior groups (aged 12-17 years) at our schools in Greenwich and Oxford. Students will study 15 hours of English per week from our bespoke curriculum and spend the rest of their time visiting Oxford or London's many attractions and sites as well as trips out to other cities under the guidance of our team of Activity Leaders.

UIC Explore

Add a study/cultural tour at end the end of the course. Explore historic cities, discover famous sights and have fun learning! Trips include Historic UK, Disneyland Paris, USA and Canada.

Home Tuition

Home Lingua

Learn English one-to-one in the home of your teacher. For students with specific English language goals, Home Tuition offers an exciting, year-round alternative to a traditional school. Home Tuition is a unique opportunity to live and study in the home of a professional teacher and benefit from one-to-one tailored English lessons.

Home tuition offers a complete immersion experience, which is widely regarded as one of the most effective ways to learn a language. The tuition is designed to meet your academic needs and professional interests. Students typically make a vast amount of progress in all areas, particularly listening and speaking. We work with knowledgeable teachers able to provide a friendly and comfortable learning environment in which to learn English and experience British life.

Why Home Tuition?

- Learn and improve at a pace that is right for you
- A total immersion experience
- Comfortable accommodation in the home of your tutor
- Over 200 tutors in fantastic locations across the UK
- Bespoke course shaped to your interests and needs
- A chance to experience life in a British family home and explore beautiful UK destinations

How does it work?

- Accommodation, meals and all study materials included
- Two local afternoon excursions with your tutor per week
- A full-day excursion with your tutor at the weekend for courses of two weeks or more
- Short weekend courses available on request
- Parent & Child and Family courses also available

Is Home Tuition right for you?

- Attracts well-motivated students eager to improve their English quickly
- Ideal for students with specific language goals who want a tailored course
- Suits students who wish to experience British life in an unusual and exciting way
- Also ideal for more mature students looking for a programme outside of the traditional language-school setting
