## Why Optimus?

### WHAT ABOUT OPTIMUS LANGUAGE SCHOOL'S SIX-LEVEL ESL PROGRAM THAT MAKES A DIFFERENCE IN THE LIVES OF ITS STUDENTS?

Our **Four to One** ratio gives students the opportunity for more interaction with their teachers and allows us to focus on our program's main goal of improving students' real-life **conversational skills**. We know that our students are looking for a program that will help them participate in everyday situations and conversations with confidence and ease.

Prior to arrival in the United States, students can take our **free online introduction course** to meet some of our instructors and begin using English. Students will be placed with an **American homestay family** so that they can also practice English at home and explore American culture in a truly authentic way.

# Summer/ Winter Global Leadership Camp (4 weeks)

**PRICE= \$5,000 (HOMESTAY NOT INCLUDED)**

Our world is one that is constantly changing, always leaving room for improvement. It is imperative that our young generations have the creativity necessary to envision a better future and the skills required to carry out those grand visions to become Global Leaders. Through this program, we wish to cultivate students who can function effectively and efficiently in diverse cultural contexts by encouraging cultural exchange, developing leadership skills, and increasing English proficiency. Each week will include reading, writing, listening, and speaking and will build on grammar, vocabulary, and pronunciation.

**Weekly themes** of getting to know each other, shopping, food, and government will help students familiarize themselves with American culture while learning English. Students will be tested on Fridays to assess what they've learned that week. Wednesday afternoons and Saturdays will be used for cultural exposure through group activities or field trips (such as tours, theme park visits, live performances, etc.). Students will also be reading pre-chosen books in the evening hours and completing vocabulary and comprehension questions. They will also be writing daily journal entries that will be checked by the instructor in class to help them improve their writing skills.

**“...students familiarize themselves with American culture while learning English.”**
