We have offered excellent language teaching for 35 years, but now we offer a whole lot more as well: we believe we have a great choice of courses and programmes for variety, adventure and fun. We believe it's the most effective language learning that you can find.

University admission support

Thinking about going to university?

If you are considering higher education at a British university, LAL is able to offer free UCAS & university counselling and information about UK universities. You'll be able to discuss your educational goals with highly qualified and trained UCAS counsellors who will help to assist you with entry to your chosen university.

Our teaching

English lessons are at the heart of our business, and we have over 30 years' experience in teaching English as a foreign language. Our teachers are skilled at tailoring our lessons to make them engaging and dynamic while meeting the needs of each student.

“

I love teaching at LAL ...

... because every day I am able to share my love of the English language with my students. It's great to see our students grow in confidence as they learn, and it's really satisfying when you can see that they have understood something for the first time. Each day is different, and every student brings a new outlook to the classroom.

Chris Bardot, Teacher at LAL London

”

Excellent teachers

All LAL teachers are qualified, native-level English speakers who are passionate about English. Our Continuous Development Programme and external training sessions develop their skills further.

Multinational classes

At LAL, you'll become a 'citizen of the world'. You'll meet, learn and socialise with learners from around the globe and make friendships and have experiences that will last a lifetime - all while you improve your English.

Rounded school experience

LAL offers an extraordinarily warm and friendly family feel where our students feel immediately at home. LAL's dedicated staff go out of their way to ensure that all our students feel happy throughout their time with us.

Small groups

You'll be taught in classes of six to fifteen students, ensuring that you receive personal attention from the teacher while being able to interact and practise with a variety of other learners in class.

The LAL methodology

We use traditional and modern styles, techniques and resources, with regular progress tests, a robust CEFR-based syllabus, our LAL Advantage e-platform and a promise that we teach you to use the language, not learn about it.

Student-centred classes

We tailor our courses to meet the needs of the students in each class, taking into account interests, strengths and weaknesses, as well as short and long term goals.

Our English Only policy

The best way to learn English is to speak only English, so it is our policy to insist that everyone always speaks English in the classroom and around the school, except for emergencies or beginner students.

Our Courses

All our schools offer a wide range of courses so you can find a programme that's right for you. From General English for everyday life to advanced exam preparation courses, and even teacher training, we're sure there is something for everyone.

Our levels and curriculum

Our curriculum is based on the levels of the Common European Framework of Reference for Languages. CEFR was put together by the Council of Europe and is used all over the world as the standard for grading individuals' language proficiency.

The CEFR descriptors indicate the proficiency that should be achieved at each level. The table on the right includes a summary, and includes comparable levels of other common standards.

Completing one level usually takes about 12-18 weeks but with effort, involvement and motivation this can be achieved in a shorter period of time.

“

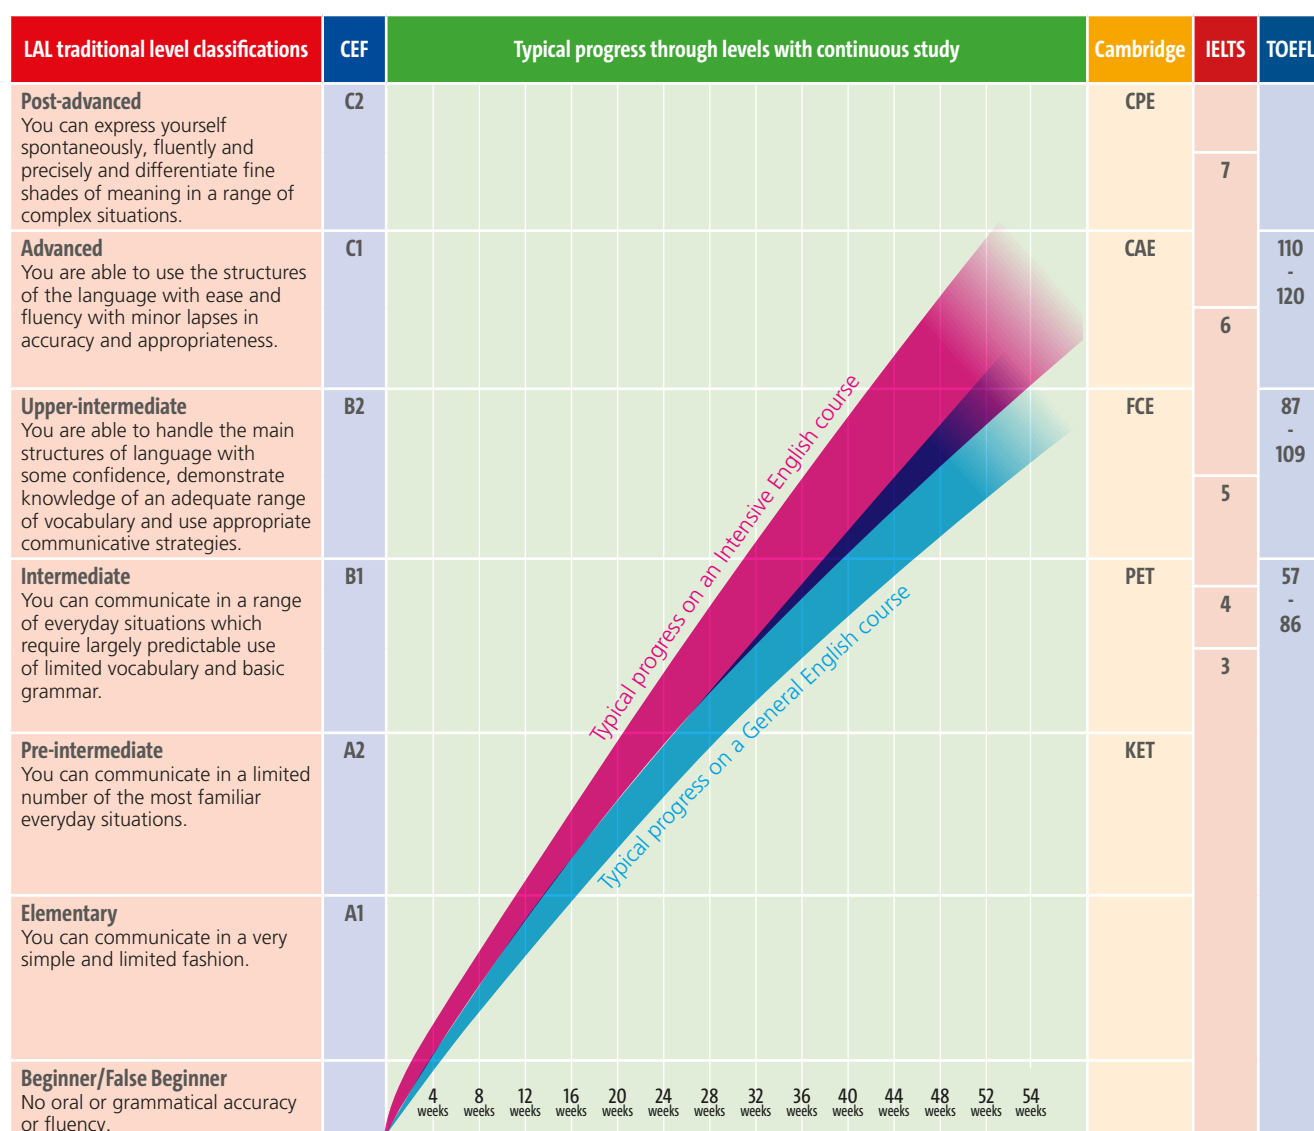

Our courses are carefully designed to maximise the learning potential of each student...

...and I am proud of our excellent range of options for all levels and interests. From beginners studying General English to native-level speakers training to become teachers, we offer a supportive environment in which our carefully selected teachers help our students to take responsibility for their own learning and achieve independence in English.

Glynis Ferrer, Academic Director

”

Our Learning Pledge

We're confident that our teaching methodology and learning opportunities will allow you to reach your goals. We make sure that everyone is in the right class with a level test on the first day. If you do not progress as expected we will provide you with additional support to ensure your success at no additional cost. We guarantee you will reach your learning goals in the number of weeks above if:

- You attend all your lessons
- You participate fully in all classroom tasks and activities
- Complete all homework
- You use every opportunity to practise English outside the classroom
- You have adequate linguistic capability

Everyday English

Our General and Intensive English courses are designed to give a good grounding in relevant, modern English, and to give confidence and ability in a wide range of day-to-day situations.

Long-stay benefits

General and Intensive English can be studied for up to 48 weeks at LAL schools (except Gozo), subject to visa restrictions. Students who study for 8 weeks or more will receive regular tutorials in all our schools.

For courses of 8+ weeks in Malta and 21+ weeks in London, Torbay, Cape Town, Boston and Fort Lauderdale, there are extra benefits: we'll provide a free inbound airport transfer; progress tests and reports to help students set and achieve short and long-term goals; and dedicated tutors to help plan study time. Some intensive long-stay courses also qualify for free upgrades.

An LAL long-stay programme is, of course, much more than just lessons. Spending a long time in another country is an ideal chance to make friends and find out what it's like to be a local.

“

This experience taught me a lot about South Africa...

I took part in many activities and excursions during this trip. The English course was very good and helped me improve my English. For me it was an amazing experience even though it was too short.

The LAL Lifestyle

LAL stands for Language and Leisure. We believe that students learn best when they are happy and relaxed and our leisure programmes introduce our students to the country they are staying in and help them become part of the LAL family from day one!

All our schools offer a wide range of leisure options to help discover the countries in which they are situated.

Each school organises half-day tours, full-day excursions and evening activities so there is always plenty of things to do.

Our schools also run regular extra curricular activities, such as book clubs, study groups and school magazines, to help develop language skills.

We also hold school events including sports competitions, charity fundraising and dramatic productions that are just for fun: in the last year students have competed in the inter-school volleyball games in Cape Town, dressed up for an all-American Halloween party in Florida, performed a traditional British pantomime play in Torbay, gone apple-picking in Massachusetts, joined in 'festas' in Malta, and a whole lot more.

“ I love the atmosphere ...

Working as a freelance comic book illustrator

Can you draw to order? Are you consistent and able to interpret a storyline? Then consider (2) becoming an illustrator of comics. Most illustrators are typically paid \$100 to \$300 a page. (3) professionals with high status in the industry may even (2) to three times that amount.

As most artists are freelancers, they are (3) to set their own work schedules. Trevor Stas (4) created the hugely successful 'That Last' saga for weeks seven days a week from a home studio. NEW for 2016!

Arabic and English Courses on the Red Sea Coast

LAL is pleased to introduce a unique school in a unique location with a unique language offer.

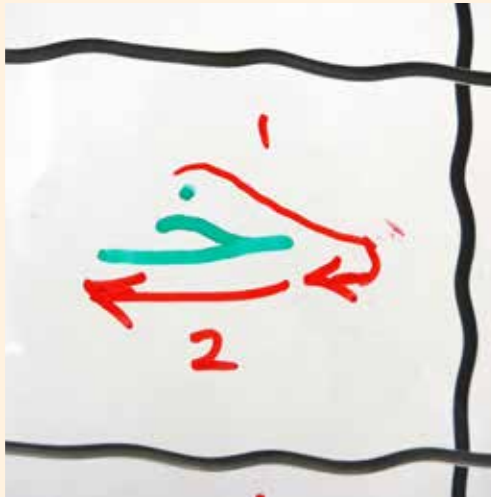

We are offering Arabic and English language courses in our new school in El Gouna, which is equipped to offer students of either language the perfect learning platform in an idyllic location on the Red Sea coast.

Our school will see a mix of students whose language requirements are different, but whose aims are the same: improve their communication in their chosen language.

We are offering two types of Arabic, depending on the needs of the student, and this can be for non-Arabic speakers who have an interest in this fascinating and rich language, or for current Arabic speakers who need to brush up their skills.

While the Red Sea coast may not be the obvious choice to study English, we recognise that it is a language used all over the world in non-English locations, so the blend of native-standard teachers in an environment where they will need to communicate outside the classroom with non-native speakers lends itself perfectly to the communicative angle of the courses.

Holiday English is our new course, especially designed for holiday-makers who may want to have an hour's break from sunbathing. We offer five hours, but it is flexible enough for you to have as many or as few lessons as will fit into your schedule. The course will concentrate on your oral language skills so you can better communicate with the world at large.

Modern Standard Arabic

Standard Modern Arabic courses are available as Premium groups of six students for levels A1 to A2 and our usual Standard groups of 12 for level B1 onwards.

Our courses will be taught by native-speaker standard teachers, who will all be qualified according to the requirements of the Egyptian Ministry of Higher Education.

About London: the UK capital

London was already 1000 years old when the Tower of London was built and is still today a magical place. History meets modern day life to create a unique experience for anyone lucky enough to visit.

There is something for everyone here.

You will find free museums for the curious and free galleries for the artistic, over 100 theatres for drama enthusiasts, and some of the most famous sights in the world for everyone to see. All this, and amazing parks, bars and cafés.

Learning English in London is one of the best choices to make

After all, where could be better to learn English than the capital of England?

Twickenham is typically English

The town has pretty streets and weekend markets, small independent shops and traditional English pubs. The district has local theatres, and is close to Royal Parks full of roaming wild deer.

Twickenham is a great location for the explorer

The area is ideally located to visit central London in 20 minutes, Windsor Castle in half an hour and, of course, Twickenham stadium.

Twickenham Stadium is the rugby hub for England

As well as the stadium hosting the most important rugby matches, major singers and groups stage their concerts there, such as Rihanna, Beyonce and Lady Gaga.

Our staff can take you to famous places such as Henry VIII's magnificent palace at Hampton Court or the world-famous Royal Botanic Gardens at Kew. But don't miss the amazing views (and wild deer) in Richmond Park.

Find the best of central London

With so much in London, it can be hard to choose what to see. Our walking tours show you the highlights of the central areas, from the vibrant atmosphere of the South Bank to the eclectic stalls of the markets in Notting Hill. We can also take

you for a 'rotation' on the London Eye, or on a tour of the Tower of London.

Enjoy London by night and day

London is a fantastic city day and night: in the evenings the bars and clubs come alive with a huge range of places to enjoy yourself. Enjoy food from all over the world in the city's restaurants, dance the night away in some amazing clubs, or take in a top show at one of London's famous theatres. Whatever your scene, there's plenty here in London.

About Torbay: the English Riviera

The south coast of Devon is a great place to learn English. It's easy to use new language skills while discovering an area that is typically English, yet sometimes feels more like the south of France. It's a great place to study, and a great place to enjoy a vacation: the perfect location for a language holiday.

Torbay is a top seaside resort

Our excellent climate, sub-tropical gardens, harbours full of luxury yachts, and elegant houses overlooking the sea have given the area the nickname of 'the English Riviera'.

The English Riviera offers something for everyone

Millions of tourists come to Torbay for relaxing beach holidays, to explore the beautiful surroundings, to enjoy water sports out on the waves, or just to have a fun-filled trip. There is one of the largest zoos in England, a big waterpark,

beautiful caves, and three busy town centres to explore. Torbay has four theatres, cinemas and a good range of nightclubs and bars to entertain, and award-winning restaurants to tempt the taste buds.

Torbay is really three towns

Paignton is the holiday centre of the bay, with one of the largest zoos in Britain and a really friendly atmosphere. **Torquay** is home to the grandest houses, smartest shops and trendiest night spots. **Brixham** is the smallest Riviera town and is one of Britain's key fishing ports, with lovely coastal walks from its pretty harbour.

The West Country is beautiful

Torbay is surrounded by some of the most beautiful countryside in England and is within easy reach of world-famous sights, such as Dartmoor, Stonehenge and the Cornish coasts.

Love our local knowledge

Take advantage of the years of experience of LAL Torbay's driver-guides. We'll help you discover picturesque castles that are off the main roads, or experience the wilderness of legendary Dartmoor. Our guides will show you the best historic houses and sub-tropical gardens or take you to their favourite traditional pubs.

”

See more on excursions

Discover hidden places in historic towns such as picturesque Dartmouth and eco-friendly Totnes, as well as seeing the highlights of university cities such as Plymouth and Exeter or cathedral cities such as Salisbury.

Have more fun

Some things are meant to be shared: team events such as the Battlefield Live challenge or tours to a local brewery are much more fun on an LAL excursion.

It's easier with LAL Torbay

Thanks to our own fleet of minibuses, our excursions are the easiest way to visit the championship surfing beaches of Cornwall and the rugged cliffs of Land's End, or famous sights such as Stonehenge. Board our bus at the school, and step off in Oxford, Cardiff or St Ives: our drivers will point out the sights on the way as well.

Plus you can discover places you might not find on your own: see a rainforest in Cornwall, for example, or watch an open-air theatre show.

About Boston:

Boston is a cosmopolitan city that attracts intellectuals and adventurers. Home to both Harvard University and MIT, Boston is renowned for having some of the top-ranking educational establishments in the world and being a real “student city”, where one in four residents is a student! Learn English in the USA's city of education.

Boston is a city of discovery

Boston is a city that attracts students and adventure seekers not only from all over the United States, but from all corners of the world. Two of the world's greatest universities can be found in Boston: Harvard University and Massachusetts Institute of Technology (MIT). Students from all walks of life combine to create a one-of-a-kind atmosphere in Boston, providing a multi-cultural environment while retaining its strong American social character. Boston is also a centre for biotechnology, science, higher technology, and finance.

Boston is full of history

From its buildings and monuments to its battlefields and harbour, Boston has earned the reputation of the birthplace of the American revolution. The Freedom Trail is a 2.5 mile walking tour of Boston, and a great way to discover the history of this quintessential American city. Even its sports venues are historic: Fenway Park is the oldest ballpark in Major League Baseball.

Boston has year-round beauty

The New England region is well-known for its beautiful seasons. Snow blankets the earth in winter. In the lush, green spring, blossoms fill the air. In the summer, you can join the locals at the seashore and spend time in the cool waters. In the autumn, New England is transformed when the trees turn red, yellow, orange and brown.

We'll take you further

El Gouna

On the Red Sea Coast of Egypt

This year LAL is bringing something truly unique to the market. We're turning language and leisure into language and pleasure by combining English and Arabic lessons with superb leisure facilities in an idyllic location that's off the beaten track but still easy to reach.

A desert dream creation

Twenty years ago this region was still a wild desert location until it was discovered by someone who had a dream and a vision to create paradise. Today it is still a largely undiscovered region with huge character and a lot to offer.

A world away but easy to reach

This hidden gem is situated across the Red Sea from Sharm El Sheikh. It's easy to get here: from Europe, it only takes a four hour flight, and the nearest airport is only 30 minutes away. This paradise offers a very different experience to our other destinations: it's a perfect alternative for those who want to study, but want to

maximise their holiday time, and it's close enough for a short break.

Enjoy lazy afternoons

Spend lazy, hot hours in a cool room learning English or Arabic and spend the rest of the time sampling the local cuisine, lying on the beach or enjoying the vast array of entertainments on tap.

Turning the desert green

El Gouna is not just a paradise because of its location but because it's a resort that cares about the environment. El Gouna was the first destination in Africa and the Arab Region to receive the Global Green City Award, in August 2014. Sponsored

Imagine some world-class pampering after a day of learning and activities. El Gouna has impressive spas at affordable prices and with something for everyone.

The award-winning golf courses at El Gouna have been designed for every level, whether beginner or professional. The courses offer carefully placed bunkers, lagoons and desert rough with an awe-inspiring backdrop and are not to be missed by any keen golfer, pro or not.

Watersport lovers will find everything they want here. Spacious beaches, perfect wind speed and waters of perfect depth offer the ideal scenario for kite surfers, even professionals practise here. The rare, beautiful sea life and easy access to the reefs offer divers the opportunity to explore and interact with nature.
