GENERAL ENGLISH

Details

Class levels follow the scale set by the Common European Framework (CEF: A0-C2). Upon arrival students take a level placement test and are also given an oral interview. They are then placed in a class with others of their level. The syllabus has a 12 week cycle in which a core text book is followed for a part of the class. Supplementary materials are widely used, with particular focus on Irish and authentic materials. Authentic listening material, e.g. from television, internet or radio, is encouraged in class. Language practice is in context and emphasis is placed on communicative ability.

We focus on student-centred learning and employ methodologies which promote communication and practical language usage such as TBL (Task-based Learning), CLT (Communicative Language Teaching), Lexical and Functional theories.

EXAM PREPARATION

Details

General English students are tested using the Cambridge ESOL examinations. Students will often combine their examination classes with an added 10 hours per week at the appropriate level.

Exam courses are 120-hour modules (10 hours x 12 weeks) and focus on all parts of the exam (Reading, Writing, Listening, Speaking and Use of English), as well as having a particular emphasis on exam techniques and how to improve overall results. A core text book is used alongside authentic materials.

Our teachers are very experienced in Cambridge exam preparation and help individual students with areas where they have their own particular difficulties.

PARENT AND CHILD

Details

Active Language Learning is in the unique position to offer families combination courses due to our unequalled geographical dominance. Both our all year round adult centre and our junior summer centres are in Dun Laoghaire.

This course allows families either of one parent or both and their children to enrol and avail of our adult and our junior courses at the same time. Family groups can be hosted in the same or separate accommodation in Dun Laoghaire while attending the two different centres.

Parents can choose from any of the courses listed here and juniors can take part in the summer and activity courses we offer listed on the junior section of our website.
