

## Learn German in Dresden - the “Florence on the Elbe”

Learning German in the city known as the “Florence on the Elbe” is a unique cultural experience. The Saxon metropolis with the **Frauenkirche**, the **Zwinger** and the Moritzburg castle is the centre par excellence of the German baroque style. Its highlights include magnificent buildings, world-famous art collections, and living traditions both in music and the fine arts.

Today, Dresden offers a unique blend of stunning architecture and **great natural beauty** of the countryside along the Elbe river, which is a world heritage sight dotted with wonderful castles and villas.

The **academic diversity** of Dresden is also noteworthy. Beside the Technical University - which by the way is the first University in East Germany awarded as a “**Elite University**”, and *Kästner Kolleg* is one of their official partner institutions - the Music Academy, the Palucca School of Dance and the Art Academy draw 35,000 students per year to Dresden.

On the northern banks of the Elbe river lies the cosmopolitan quarter of **Dresden-Neustadt** which includes many small galleries, theatres, and colourful houses. Every night young people from all walks of life meet here and enjoy themselves in the **numerous trendy bars, street cafés, and international restaurants**.

Did you know that the famous writer **Erich Kästner** spent his childhood in the Neustadt? This is also where Kästner Kolleg has its home and lives up to the author’s motto: “There is nothing good: unless one does it”.

### ***DRESDEN Highlights:***

## Kästner Kolleg - German Courses since 1998

*Kästner Kolleg* was founded in 1998, and has evolved into a modern, middle-sized language school belonging to the leaders in language training in Dresden. We are a non-profit organization whose members participate in the decision-making process of the school. *Kästner Kolleg* offers personal and friendly alternative to the production like approach of large schools and institutions.

The satisfaction of our course participants can be summed up in a simple formula: "highest teaching standards + service + fun = fast successful learning." All of our teachers are native German speakers with university degrees, and they are specialists in teaching German as a Foreign Language.

We are accredited by the *Federal Office for Migration and Refugees (BAMF)* and the *Regionalschulamt* of the state Saxony. *Kästner Kolleg* as an official partner of the "Elite University" TU Dresden is responsible for the socio-cultural program for its 4000 foreign students. Also we are a **TELC Examination Center**.

Ten sunny and well-equipped teaching rooms, a modern library with up-to-date teaching material, multimedia and internet pool, and a cafeteria are awaiting you right next door to the charming Alaun Park: a green oasis in the vibrant "Szeneviertel - Neustadt" which is a colorful home to students and artists, and which offers international culture, art, and cuisine.

*Kästner Kolleg - Tandem Dresden* would like to become **your home away from home** for an unforgettable time. Thanks to the friendliness and warm hospitality of its people, it is easy to make new friends here - and of course learn year round German quickly by just speaking it all the time. And with our additional field trips and creative learning projects like "German in the City," we bring you closer to the German language, people and culture.

## Quality

As a member of TANDEM International ([www.tandem-schools.com](http://www.tandem-schools.com)) we are inspected and accredited.
