# myStudy™: connecting your learning to your life

## e-learning

Beyond physical locations for learning delivery, Navitas English has developed multiple online learning platforms and environments to diversify, personalise and extend learning experiences for our students.

With a dedicated team of in-house e-learning developers, we currently deliver online and blended learning for government and commercial partners, as well as to English language students just like you, through open source and proprietary Learning Management Systems.

Our online platforms also connect learners with teaching staff, classmates and other Navitas students internationally.

## myStudy™

Navitas English knows that learning English is more than what happens in the classroom. Our myStudy™ system helps you to better understand your learning style and guides you towards activities that suit your English skill level and learning profile.

myStudy has three key elements:

- myStudy profile – you complete a profiling questionnaire that has been specifically researched and designed for our students by language teaching professionals. You answer questions about what you'd like to learn and receive advice and study tips to fit your profile
- myStudy activities – a series of activities to improve your listening, conversation, grammar and vocabulary. Students are encouraged to work on PCs in English
- myStudy space – a student social network with brains

# myStudy™

## myStudy conversation

myStudy conversation is a good way to practice what you have learned in class together with other students. It's also a good time to meet students from other classes. You can make mistakes in comfort, because myStudy conversation is for fluency practice.

## myStudy language

If you want extra practice with grammar and vocabulary you can do this in myStudy language. Teachers will provide advice before you decide what to study because there are a lot of choices!

## myStudy movies

myStudy movies helps you to develop listening skills, extend vocabulary, and listen to different accents by watching films. All movies have English sub-titles to help you understand.

## myStudy computers

There's so much to do in English on the computer, but not everyone knows where to start. We guide you and advise you to keep it simple by looking at the software programs on the computer first.

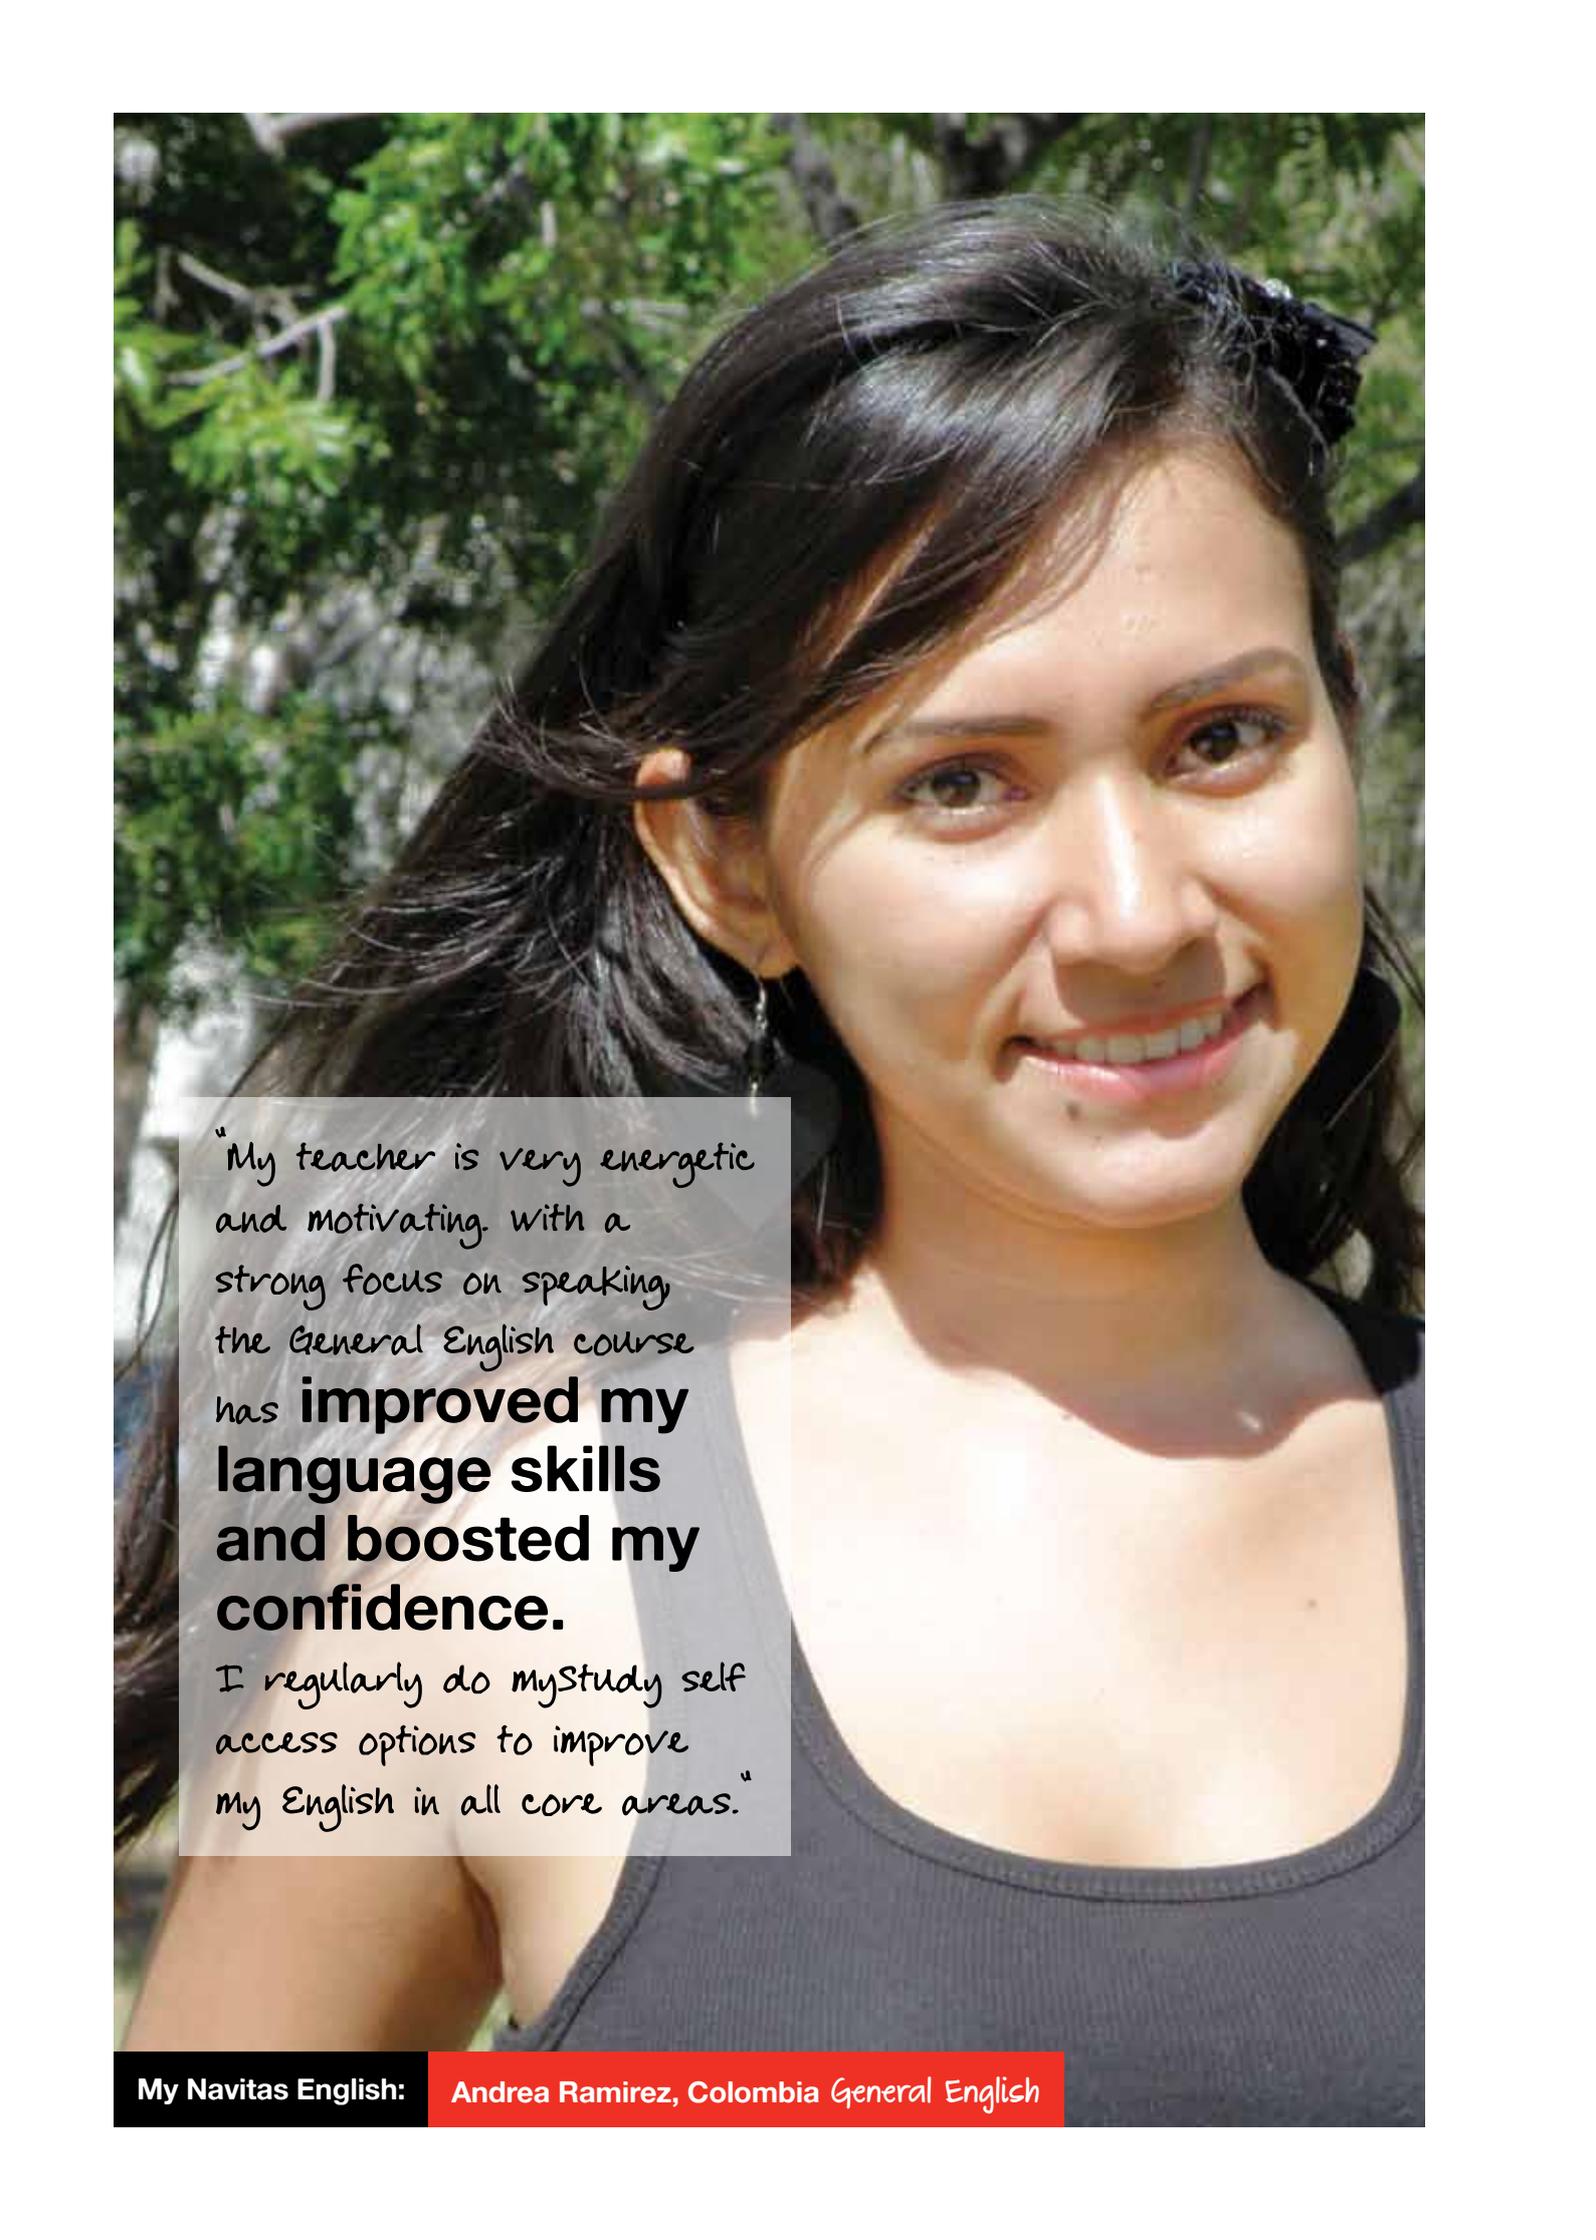

## myStudy room

The library or study rooms are good for quiet work, when you need to concentrate. They provide excellent opportunities for you to work on areas you find difficult, to look again at things studied in class, or to do homework.

## myStudy space

myStudy space provides a 'virtual space' for you to join our Navitas English network and maximise your learning by connecting with classmates, friends and students from other Navitas centres. You can share ideas, experiences and study tips and be part of the Navitas English family!

"My teacher is very energetic and motivating. With a strong focus on speaking, the General English course has **improved my language skills and boosted my confidence.**

I regularly do myStudy self access options to improve my English in all core areas."

## Health insurance for international students

Student visa holders are required by the Australian Government to obtain Overseas Student Health Cover (OSHC) insurance. When you enrol with us, this cover is automatically provided for you through Worldcare Insurance and added to your Navitas English account.

If you are studying with us on a non-student visa (such as a working holiday or tourist visa), Navitas English can still arrange this vital insurance cover for you. For more information, email [english@navitas.com](mailto:english@navitas.com).

## Help and advice hotline

As an industry-first initiative, Navitas English has introduced telephone hotlines for our students and agents. This service is free for students, and is available 24 hours a day, seven days a week Australia-wide for anyone who needs help or advice.

### Students in Australia call:
